The i-Hunt is a fun, engaging, and informative scavenger hunt designed to help you get to know about The Intersection and how we can help you navigate your UNLV Experience.

What's The Intersection?

The Intersection is Your Place ~ Your Place! Developed to help first-generation and students of color navigate the complexities of UNLV, we are a one-stop resource center grounded in the academic life of our students. As an intersecting campus resource, we help ensure students successfully navigate their academic careers.

Here, all members of the campus can build a shared sense of belonging together.
