

Graduation Application Instructions

(Last updated 5/11/2021)

Student Instructions

- Apply for graduation in [MyUNLV](#) (Student Center under the “Other Academics” drop-down menu). You will need to follow the on-screen instructions to complete the graduation application.
- Once you have applied, the graduation fee will be placed on your student account. You may pay this fee along with any outstanding tuition or fees by clicking “Make a Payment.” Please refer to [Graduation Deadlines](#) for the term you intend to graduate to avoid late fees.
- If you will be completing two degrees/certificates in the same semester, please be sure to apply for graduation for each degree/certificate separately.

NOTE: If you change your graduation semester after submitting your graduation application, or if you do not meet the necessary degree requirements, your graduation application will be automatically updated to the next semester. If you still do not meet necessary degree requirements to graduate in the updated semester, you will be required to apply for a new semester and pay another graduation fee. Please email grad.rpc@unlv.edu with any questions
