Musician

Gil Kaupp began playing trumpet at the age of 14. His promise as a musician was soon recognized by his High School band director who encouraged him to major in music and apply for a music scholarship. Accepting a scholarship to the University of Texas in El Paso, Gil played in the Symphony Orchestra. After discovering his love for Jazz he transferred to the University of North Texas which is noted for its excellent Jazz Department. Gil majored in Jazz Performance and studied with the great Don "Jake" Jacoby and Donald Byrd. Among his other instructors were: Dan Haerle, Jack Peterson, Rich Matteson and Leon Breeden. Gil has been continuing his education throughout his career and has been studying with clinician and trumpeter extraordinaire Bobby Shew. Gil is currently playing actively in the Las Vegas music scene and performing shows on the Las Vegas Strip appearing with Santa Fe & the fat city horns, Clint Holmes, Delisco, The Rat Pack Show, The Dream King just to name a few.

Recording Engineer

Gil is currently 1st engineer at the brand new multi-million dollar recording facility at the University of Nevada, Las Vegas and teaching recording techniques, multimedia and Pro Tools. Gil has been Apart from having written training manuals for Pro Tools, Gil has been using Pro Tools since it was introduced. He has been authoring articles for MacWorld, MacWelt and Solo magazines in German and English. Prior to his move to Las Vegas, Gil was Professor for Audio Engineering at the Macromedia Bildungsinstitut in Munich, Germany and owned a recording & mastering facility for 10 years.
