NOTES:

HON 400H courses may only be taken with Junior or Senior status.

An approved study abroad course may replace one HON 400H course.

Some HON 400H courses satisfy Multicultural, Fine Arts and International core requirements. Consult with your advisor to determine appropriateness and availability of these courses.

HON 498H and HON 499H must be taken in consecutive semesters and are NOT available in summer terms.

Students may replace HON 498H with an equivalent 400-level, three-credit course from the department sponsoring the Honors thesis/project with written permission from the Honors College Dean or Associate Dean.

You must complete two HON 400H courses before beginning HON 499H.

University Honors students are not required to take an additional four HON 400H courses to complete their Departmental Honors requirements.
