Fall 2014 Registration Schedule

The Fall 2014 Registration Schedule is based on expected class standing. For example, if you are currently a freshman and expect to finish enough credits before the fall semester to be a sophomore, you will register at the time designated for sophomores.

Each student will have an individual appointment date and time assigned to them based on their current academic standing. Students can view their specific appointment information in their student center. For example, the registration dates for sophomores are April 28, 2014 at 8 a.m. through April 29, 2014 at 7 p.m. Students must check their student center to determine the time between these two dates that they may actually register as different students will have different times assigned to them. The appointments are assigned randomly within each academic standing.

**Students that have applied for graduation and selected the Fall 2014 term will not be supplied with a Spring enrollment appointment. Students must adjust their anticipated term of graduation through the Registrar's Office if they no longer expect to complete their degree by Fall 2014.**
