UNLV’s Howard R. Hughes College of Engineering invites you to attend the 11th Anniversary Senior Design Dinner and Awards Friday, May 4, 2012

$150 per person

Keynote Speaker
Steven D. Hill
Director, Nevada’s Office of Economic Development

5:30 p.m. Cocktails and viewing of senior design projects in the Cox Pavilion Concourse
6:45 p.m. Dinner and the Senior Design Awards Presentation by Sponsors
The Cox Pavilion at the Thomas & Mack Center
(at the northeast corner of Tropicana and Swenson)

Business attire
The Senior Design Project

The senior design project is a part of every UNLV engineering student’s academic experience. A capstone to the student’s educational career, the senior design project encourages the student to use everything learned in the engineering program to create a practical, real-world solution to an engineering challenge. Each student chooses, plans, designs, and prototypes a product in this program designed to stimulate engineering innovation and entrepreneurship. The Senior Design Competition held each semester helps to focus the students in increasing the quality and potential for commercial application for their design projects. The annual Senior Design Dinner and Awards celebrates the students’ achievements and provides their families, faculty, and the greater Las Vegas community an opportunity to share in the excitement of the students’ work.

We invite progressive individuals and corporations to recognize the tremendous talent and potential of our senior design students by participating in this very special evening.

How You Can Help

Our sponsors make both the senior design projects and the celebration of those projects possible. As a sponsor, you are helping to change the lives of young people who may soon be prospective employees, researchers, and teachers of the next generation.

Sponsorships available; please call Sara Portzel (702) 895-2913 or email sara.portzel@unlv.edu for additional information.

The Senior Design Awards

Since 2002, Howard R. Hughes College of Engineering supporters Fred and Harriet Cox have provided funding for the Senior Design Competition and Annual Award Dinner. Financial support for category awards below was provided by generous industry partners.
