Minor in Health Physics
Health Physics and Diagnostic Sciences (21 Total Credits)

Courses include:

- HPS 300 - Physics of Ionizing Radiation (3 credits)
- HPS 301 - Principles of Health Physics (3 credits)
- HPS 402 - Radiation Detection (3 credits)
- HPS 403 - Radiation Physics and Instrumentation Laboratory (3 credits)

Nine additional HPS credits are required. Up to three credits of HPS 411 (Health Physics Seminar) may be used.
