Question 1

In regard to the requirement for the bidder to be qualified for Public Works projects with the state Public Works Division in the Department of Administration: Does the requirement need to be fulfilled at the time of the bid opening or by contract award?

Answer 1

Bidder must be qualified as a bidder with the State Public Works Division of the Department of Administration for the cost category required for this Project at the time of the bid opening.

Question 2

Is there a quote already created for the custom Middle Atlantic L5 Lectern that can be referenced?

Answer 2

No. Please use the 43" Flat top model w/ AV connection panel. No custom cutouts are needed. Wood trim style and color are TBD to obtain a quote.

Question 3

Should the field cabling to the Digital Media Room Boxes at the tables terminate to a plate inside of a floor box and then a small shielded CAT6 patch cable connect from the termination point to the room box mounted under the table, or will the field cable pass thru and terminate directly to the room box?

Answer 3

Yes. Please terminate the DM cable in the floor box and use a DM patch cable under the table.

Question 4

If a floor box is required for the tables, will this floor box be specified and supplied by the AVC or by others?

Answer 4

Floor boxes will be provided as part of the finished floor. Power and data will terminate in the boxes.

Question 5

Are there any other details available for the table equipment and devices that show the typical mounting and cabling details of the devices at the table locations?

Answer 5

No. The furniture solution has not been determined yet. The dimensions of the DM-RMC-4K-100-C and HD-DA8-4K-E have been communicated to the furniture manufacturer. Under-table mounting is expected.
