DEPARTMENT OF ENERGY JOB OPPORTUNITY

Posting ID: E042016
Company: National Security Technologies
Company Website: www.nstec.com
Job Title: Associate in Information Tech
Work Location: Losee Road Facility
Position Type: Employment
Salary: N/A
College Major(s): Computer Science
College Level(s): Undergraduate

OVERVIEW

Roles and Responsibilities
Facility Requirements and Assessments candidate will provide eFOM programming and BUILDER application support. eFOM programming will include, but not limited to, completing process improvements, working on the migration from cold fusion to the .NET platform, and completing documentation for push packages. Within the BUILDER application, they will assist the BUILDER team on complying with all Department of Energy Headquarters deliverables, updating the Master Equipment List, and completing facility assessments. Assist division with other tasks as needed. Accept individual responsibility and accountability for environment, safety, health, and quality processes within personal control, personal safety, and the safety of co-workers. Comply with established regulations and procedures for environment, safety, health, and quality and perform duties in a way that will not cause personal danger, endanger other individuals, or violate environment, safety, health, and quality regulations. Promptly correct or report any hazard or potential hazard to supervision. Understand the principles associated with the National Security Technologies, LLC (NSTec) safety concept. Participate in and embrace NSTec environment, safety, health, and quality initiatives.

Education and Qualifications
Completion of the first year of a Bachelor's degree program in Information Technology at an accredited college or university and be actively enrolled. Construction knowledge a plus, but not required. Strong, independent work ethic. Willing to work in a dynamic development environment. Attention to detail. Think from a customer I user perspective. Willing to learn. Interested in working with custom-built applications. Comfortable and knowledgeable using Microsoft Word, PowerPoint, and Excel. Applicant selected will be subject to a Federal background investigation.
