COLLEGE OF ENGINEERING OPPORTUNITY

Posting ID: E060416
Company: NSF EPSCoR Nexus / UNLV
Job Title: Video Editor - Science Education (solar)
Position Type: Part-Time Employment
College Major(s): Mechanical Engineering (ME), Computer Science (CS)

Company Website: http://nvsolarnexus.org/
Work Location: UNLV, College of Engineering
Salary: Commensurate with experience
College Level(s): Open

OVERVIEW
This is a limited term position funded by NSF EPSCoR Nexus. The program combines research and educational/workforce initiatives in the areas of solar energy, water, environment, and cyberinfrastructure. There may be an opportunity to complete a second educational science video in Summer 2017.

Roles and Responsibilities
Seeking assistance in creating an educational science video on the topic of solar thermal water heating. Technical knowledge of the topic is desired, but not required. Applicant should have experience with video making, video editing, audio editing, creating graphics, and importing slide images into videos. Flexible work schedule for 10-15 hours per week during July and August. Pay is an hourly rate and commensurate with experience. Contact Erica Marti (erica.marti@unlv.edu) to schedule a brief interview.

How to Apply
Email erica.marti@unlv.edu to schedule an interview
