One Stop Shopping Initiative (OSSI) for NASA Internship, Fellowship and Scholarship Opportunities

An Innovative Solution to Support the STEM Workforce of Tomorrow

"Everyone wants to be among greatness; so if you knew the upward mobility that students received from OSSI opportunities to intern and gain real-life research experience, then you would pride yourself in being a member of the ‘posse’ that has benefited from NASA’s OSSI - a force that helps propel us to greatness."
- Marsha Cole, NASA Student Ambassador, Louisiana State University

"My internship with NASA gave me the opportunity to step outside the confines of classroom theory and apply all the knowledge I obtained to tangible, challenging, and time-pressing problems that are facing the aerospace industry today."
- Denisse Verónica Aranda, NASA Student Ambassador, Florida International University

"The OSSI application has been an invaluable resource that has continuously kept me updated regarding opportunities available at all NASA sites. I do my best to tell all students with whom I interact about the site, and I have seen it help many of them take part in career-transforming internships."
- Alejandro Perez, NASA Student Ambassador, Massachusetts Institute of Technology

Paid Internships, Fellowships and Scholarships

"The One Stop Shopping Initiative is user-friendly and intuitively designed to complete an application within 30 minutes or less!"
- Stephanie Freeman, NASA Student Ambassador, Alabama A&M University

Support for Graduate Study

www.nasa.gov
Earn and Learn with NASA!

Earn
- Paid internships and scholarships for undergraduate students at NASA Centers and installations
- Paid fellowships for graduate students at NASA Centers and installations

Learn
- College/University scholarships for undergraduate students
- Support for graduate studies

Is it for Me?
- Are you a U.S. citizen?
- Are you currently enrolled full-time in or accepted to an accredited U.S. college or university?
- Are you a student with a 3.0 or higher GPA?
- If you answered yes to these questions, you are eligible to apply!

Apply
- Go to https://intern.nasa.gov or scan the QR code on this flyer
- Click on either “Internships,” “Fellowships,” or “Scholarships”
- Click on “Log in/Register”
- Register and complete your student profile
- Complete your application
- Submit your application for up to 15 specific opportunities

International Students
- Visit the NASA OSSI LaunchPad at https://intern.nasa.gov and click on “NASA Intern and Fellow Opportunities for International Students”

NASA Mission Directorates

Aeronautics
Enable a safer, more secure, efficient, and environmentally friendly air transportation system.

Human Exploration and Operations
Operate the International Space Station and prepare for human exploration beyond low Earth orbit.

Science
Exploring the Earth-Sun system, our own solar system, and the universe beyond.
