CATERPILLAR CORPORATE INTERN OPPORTUNITY

Posting ID: 
Company: Caterpillar  
Job Title: Corporate Intern  
Position Type: Summer Intern  
College Major(s): Mechanical

Website:  
Work Location: Various U.S. locations  
Salary:  
College Level(s): Sophomore & Up

OVERVIEW
Caterpillar's legacy of industry leadership dates back to 1925. We have a global footprint with product in more than 180 countries. Caterpillar is a Fortune 50 company that makes up the most diverse product line in the industry with more than 300 products. We work in industries that provide long-term economic value: commodities (mining, oil and gas); infrastructure (heavy construction, rail, paving, quarry and aggregate); and building construction (residential, commercial, standby power, industrial engines and forestry).

Roles and Responsibilities
Caterpillar's Manufacturing Engineering and Supply Chain Management internships are focused on building technical competencies in manufacturing and material planning, demand and orders planning, inventory management, packaging and engineering. In addition, opportunities for development in quality, machining, assembly and supply chain management can help to gain a broad-based understanding of manufacturing and supply chain management.

Session Dates:
Summer 2016: May 16, 2016 – August 5, 2016
This is a 40 hour per week assignment, lasting 12 weeks.

Besides exciting work, Corporate Interns will experience:
• Comprehensive internship orientation
• Travel Reimbursement
• Tours of state-of-the-art manufacturing and research facilities
• Product Demonstrations
• Various social events
• Networking with leadership
• Intern roundtable discussions
• Business skill building
• Career discussion with leaders and experts
• Resume and Interview workshop
• 3 personal days/paid holidays
Qualifications and Education Requirements

•  Must be enrolled full time at a 4-year accredited university/college in one of the following degree programs: Business with Supply Chain focus, Operations Management, Engineering Management, Industrial Engineering, Industrial Technology, Manufacturing Engineering, Manufacturing Engineering Technology, Manufacturing Systems, Mechanical Engineering, Mechanical Engineering Technology or Supply Chain Management
•  Minimum 2.8/4.0 Cumulative GPA (no rounding)
•  Strong communication, teamwork, analytical and interpersonal skills
•  30 completed semester hours prior to start of internship
•  If a transfer student, must have 12 semester hours completed at 4-year university
•  Must be able to relocate to Peoria, IL area or indicated work location for duration of internship, and complete daily work commute using reliable transportation

Desired Qualifications:

• Leadership skills
• Previous internship
• Expected Grad Date in 2017

Caterpillar is not currently hiring individuals for this position who now or in the future require sponsorship for employment based non-immigrant and immigrant visas. However, as a global company, Caterpillar offers many job opportunities outside of the U.S. which can be found through our employment website www.caterpillar.com/careers.
