

Shadow Creek Golf Course in North Las Vegas is looking for an intern that would focus on GIS projects. The projects include tree mapping (6,600 trees), soil moisture mapping of fairways and greens, and irrigation systems mapping. The job would pay 14 dollars per hour and would be available for the 3 months in the summer. It could be up to 40 hours per week or could be part time as well. If interested, contact Tim Cloninger at timcloninger82@gmail.com
