STATEMENT OF PURPOSE

The purpose of this policy is to:

- Maintain a secure network environment.
- Ensure seamless wireless network (Wi-Fi) services on campus.

ENTITIES AFFECTED BY THIS POLICY

Entities affected by this policy include UNLV students, employees, campus vendors, and guests.

WHO SHOULD READ THIS POLICY

UNLV students, employees, campus vendors, and guests should read this policy.

POLICY

The Office of Information Technology (OIT) approves and manages wireless network (Wi-Fi) systems on UNLV properties.

Any wireless system that creates its own wireless network or extends the UNLV network must be approved by OIT.

Refer to the Office of Information Technology's Policies and Procedures web page at http://oit.unlv.edu/about-oit/policies for additional information.
