Bundle of 10 Large Boxes	\$13.50
XLarge (at least 23"x23"x16")	\$1.88 ea
Bundle of 16 Xlarge Boxes	\$18.80

Contract: 5819 Vendor: Capitol North American, Inc.

NOTE: If a rate is not provided above, it will be considered to be zero (\$0) and no charges will be allowed in response to the Univerity Project Definition. That is, the particular service will be required to be performed free of charge.

Note: 1) The hourly rate paid to the Contractor shall be portal to portal for each move (i.e. from Contractor's location back to location). However, portal to portal charges will be limited to a maximum of one (1) hour each way. No toll charges will be allowed for travel to transport personnel & equipment to and from the facility. Acceptable portal to portal charges would be the hourly rate (up to the maximum one [1] hour each way) for the personnel involved including the overtime rate if it is absolutely necessary to perform the move in an efficient manner. Also if a truck or van is used to transport personnel & equipment to and from the move site the flat rate charge for the medium capacity truck (up to the maximum one [1] hour each way) may be included. However, if this vehicle is not used in the actual move (i.e. moves within a building or moves that require a larger capacity truck that is of sufficient size to accommodate all of the agencies furniture & equipment) no other charges for that vehicle will be allowed.

2) All moves regardless of whether or not they are conducted on Saturday, Sunday or Holidays will be paid at the straight time hourly rate bid for the first eight (8) hours worked in any one day and at one and one half (1.5) times the straight time hourly rate bid for all time worked in excess of eight (8) hours in any one day. Contractor must pay employees, for work performed under this contract, a minimum of one and one half (1.5) times the prevailing hourly rate for hours worked in excess of eight (8) hours in any one day or in excess of forty (40) hours in any one week (regardless of where the work was performed). Therefore, it behooves Contractor to schedule employees' work hours so that payment of overtime is not required for work performed under this contract unless a single days move exceeds eight (8) hours (example: employees should not have worked for more than thirty two (32) hours during the week of this contract move if the University move is anticipated to take eight (8) hours or more to complete etc.).

3) Charges for overnight lodging of moving employees are not allowed under this contract. 4) The Contractor awarded the move in response to the individual agency's project definition will be held to the not to exceed proposal submitted. If the actual move is accomplished in less time and/or with fewer employees / trucks than provided for in the proposal the final charges to the agency, for all items affected, MUST be adjusted downward to reflect the actual hours and or employees / trucks. However, if the actual move requires more time and or more employees / trucks than provided for in the proposal, the final charges MAY NOT be adjusted upward. That is, item hour, item rate and number of employee / truck charges CAN NOT exceed those provided in response to the Project Definition. The only exceptions where additional charges would be allowed are: acts of God, building equipment malfunction or Police Department, Fire Company blocking access to or egress from a building where a move is taking place. All such charges MUST be fully documented as to occurrence, location, time and duration. Also it is ABSOLUTELY NECESSARY that every attempt be made to notify the University representative of the problem during the actual occurrence. No charges will be allowed for traffic delays that do not directly block access to the building. The Contractor further certifies that these prices do not exceed his/her bid in the initial proposal and resultant contract. The proposer shall be prepared to meet whatever conditions develop.
