*Invitation to Quote Form
Open-end purchase orders may be issued for less than $25,000 for the current fiscal year. After that, they are subject to the quote requirements found on the previous page. (Note: Open-end POs cannot extend into the next fiscal year.)

If you anticipate you will require $25,000 or more in goods and/or services from a specific vendor, contact Purchasing to arrange to process a bid, get additional quotes or to process a competitive exception if applicable.

Open-end purchase orders will not be modified to go over the $25,000 threshold during the course of the year without the appropriate bids, quotes or competitive exceptions.

Open-end purchase orders that are not cancelled or closed prior to the end of the current fiscal year, will expire on June 29th. However, Purchasing will not close them until the following month to allow time for invoice processing (through the 13th accounting period).
Open Purchase Order Reports

You may review your open purchase orders by going to Financial Data Warehouse.

- Go to Business information
- Purchasing
- Open Purchase Orders

If you do not have access to the Data Warehouse please go to the OIT Website to obtain an access form.
Search criteria include: fiscal year, fund, agency, organization, object code, purchase order types, purchase order numbers, vendor code, vendor name, beginning and ending delivery date, or PO date range.

You may choose to enter any combination of search criteria or none at all, in which case the report will include all open purchase orders.
Open Purchase Order Reports

- After entering various search criteria, a report is generated listing all open purchase orders.
- The report provides a drill-down capability on the purchase order number. The drill-down provides a cross-reference listing of all transactions processed referencing the specific number.
- From the cross-reference listing you can drill-down to view detail on many of the transactions and also to download the report to EXCEL.
Cabinet Members will be receiving reports of all their departments’ open purchase orders:
