

MAJOR TO CAREER GUIDE

Early Childhood Education (Non-License)

College of Education

Mission of the College of Education

The College of Education is committed to creating an intellectual environment that promotes quality instruction, significant research, and professional service. Particular attention is focused on preparing professionals for diverse educational settings and on contributing to educational and pedagogical knowledge through scholarly endeavors. The College provides leadership in both the art and science of educational practice. Furthermore, the College is committed to creating an inclusive learning environment that values and promotes diversity.

About Early Childhood Education

The Early Childhood Education program is designed to provide a comprehensive contemporary program of teacher preparation and education in early childhood settings (day care, preschool education, community education programs and intervention programs).

In the Early Childhood Education program, students gain knowledge and skills for a variety of careers in educational and prevention programs for young children. Early Childhood Education Non-License students will complete a practicum working with infants and toddlers at the UNLV Preschool. Students will also complete an internship in their final semester working with preschoolers.

UNLV Academic Advising For Early Childhood Education Majors

Academic Advisors are eager to meet with students about their academic goals and to assist in constructing a plan for graduation. Advisors can also help students understand how their experiences at UNLV can lead to a career in their desired field. Go online to schedule an appointment with your advisor today!
