The Bachelor of Science in Physics with a concentration in Applied Physics is designed to introduce the major branches of physics to those seeking double degrees and for those preparing for professions other than physics. Applied physics is a general term for physics which is intended for a particular technological or practical use. It is usually considered as a bridge or a connection between "pure" physics and engineering.

"Applied" is distinguished from "pure" by a subtle combination of factors, such as the motivation and attitude of researchers and the nature of the relationship to the technology or science that may be affected by the work. It usually differs from engineering in that an applied physicist may not be designing something in particular, but rather is using physics or conducting physics research with the aim of developing new technologies or solving an engineering problem.

**POTENTIAL CAREER OPPORTUNITIES**

- Astronomer*
- Astrophysicist*
- Atomic, Molecular, Optics Physicist*
- Chemical Physicist*
- Computer Scientist*
- Engineering Physicist*
- Geophysicist*
- Government Researcher
- Medical Physicist*
- Nuclear Physicist*
- Space Physicist*
- STEM Educator*

*Additional education/certification may be required

**COMMON CAREER AREAS FOR THIS MAJOR**

- Research & Development
- Data & Analytics
- Biophysics
- Geophysics
- Chemical Physics
- Engineering Physics
- STEM Education
ADD TO YOUR RESUME

Do volunteer work
Did you know UNLV has programs, student groups, and academic service-learning opportunities for you to join?
View more information here: unlv.edu/service

Get part-time job or internship
A part-time, temporary, and summer job or internship can help you increase your confidence as you develop your skills and add experiences to your resume.

Join a student organization
Students are encouraged to get involved with these groups early on!
- UNLV Scientista Foundation
- Institute of Electrical and Electronics Engineers at UNLV
- American Institute of Aeronautics and Astronautics
- Alliance of Non-Traditional Students (ANTS)
- KindUp
Find more than 350 student organizations at: involvementcenter.unlv.edu
