**APPLICATION FOR GRADUATION:** Each undergraduate student should file an application for graduation with the Office of the Registrar & Admissions two semesters before the proposed date of graduation. Students must have expected senior standing (earned credits plus credits currently enrolled in, equal to 90 or more) at the time of application. Students will be given a date to return to the Office of the Registrar & Admissions to pick up the application packet. Upon receiving their application packet, students should obtain the approvals of their advisor, the chair of their department, and the dean of their college and submit the application to the cashier’s office and pay the graduation fee. Students who do not make an appointment with an advisor to obtain this approval at least 2 months in advance of the deadline may have to pay a penalty for late filing, or not graduate until the next term. Earlier appointments are encouraged. See details on reverse.
