Provide a written overview of the year-long process for your working group.

The Office of Community Engagement (OCE) contracted with the Cannon Survey Center to assist with a project to obtain a thorough inventory of UNLV community engagement, collaborations, and partnerships. A team was formed to guide the project, and a survey instrument was developed, piloted with campus faculty and staff, and administered. Results from this survey (expected in June 2017) will help identify current engagement, collaboration, and partnerships. Additionally, efforts are underway to create an ongoing mechanism to capture data on faculty and staff community engagement activity. Additionally, representatives of the UNLV Foundation and Purchasing Office are working together to coordinate outreach to companies that are current or potential suppliers of goods or services to UNLV, and are also donors or potential donors to UNLV. The ultimate goal of this partnership is to develop a system to track these relationships in order to maximize their potential for positive corporate relations impact.
2016-17 Accomplishments

The campus community engagement survey was successfully administered, and the results are being compiled. An executive summary of the survey results should be available in June 2017; partner contact data collected from this survey will be used to guide a survey of community partners in FY18. Additionally, efforts are underway to have the campus survey questions embedded in the Digital Measures faculty activity tracking software; this will enable the university to provide an ongoing systematic mechanism to collect information on community engagement activity of its faculty and staff. Additionally, the Provost’s Office (Tondra De, Faculty Affairs) is planning to download academic faculty survey responses into Digital Measures to reduce duplication of effort. Additionally, the OCE has requested the funds to expand the Digital Measures contract to include administrative faculty and classified staff so that all UNLV personnel community engagement activity may be tracked. The UNLV Foundation and Purchasing Office continue to partner in order to develop a system to track and maximize supplier relationships. An assessment of the efforts and benefits will be provided by the Foundation and Purchasing by 7-1-17.

Recommendations

We recommend continuation of the efforts of this working group.

2017-18 Next steps

• What should the goals / activities be for the subcommittee?
• Who should be responsible?

The results of the Cannon Survey Center campus engagement survey should be used to identify existing partnerships to meet this measurable outcome goal in FY17. An executive summary of the results will be shared with the campus. Beginning in FY18, the same data should be captured annually via Digital Measures, ensuring that the data from the initial campus survey is updated on an ongoing basis. This will also allow the OCE to track the community engagement activity data and provide information needed for other campus initiatives, such as the Carnegie Classification for Community Engagement. Regarding the partnership between the UNLV Foundation and Purchasing designed to track and maximize supplier relationships, the system developed by these two departments in FY17 should be documented by 7-1-17 and fully implemented in FY18. Current members of this working group should remain involved.

$10,000 annually will be required to expand the Digital Measures contract to include administrative faculty and classified staff. If this occurs, additional staff for managing the Digital Measures software will be necessary in the Provost’s Office, as there will be extra administrative/training burden.

7/20/17 Addendum – Caleen Johnson, of the UNLV Foundation, submitted the following report: “Sharrie Mayden, Sue DiBella, and I met on May 9 to examine ways that Purchasing and the UNLV Foundation could work together on supplier outreach. We discussed the benefits of this collaboration as it relates to corporate relations in general: greater support from partner institutions, mutual benefits for both the supplier/corporation and the university, one-stop shopping for the supplier/corporation (in terms of their engagement with the university), campus coordination, and the possibility of research development being furthered by suppliers (e.g., equipment manufacturers). We discussed the importance of viewing suppliers/corporations as investors in the university, and talked about how we can share data in order to facilitate coordination. I am planning to create a corporate council for UNLV, whose members will be representatives from every aspect of campus that touches the corporate world. This group would help us become more collaborative and more coordinated in our approach to corporate relations. Sharrie Mayden was enthusiastic about serving as a member of this corporate council.”

The report, “Survey of UNLV Faculty-Staff Community Engagement,” prepared by Bridget Kelly, of the Cannon Survey Center, for the Office of Community Engagement, is attached per the July 1, 2017, report requirement.

Overview

One of UNLV’s Top Tier goals focuses on supporting, promoting, and facilitating community partnerships and engagement. To help advance this goal, the UNLV Office of Community Engagement has been established to help facilitate and track engagement efforts between the campus and community entities. To this end, it is important that we generate a baseline inventory of UNLV’s community engagement activities. To accomplish this, UNLV’s Office of Community Engagement partnered with the Cannon Survey Center to collect information from UNLV faculty and staff via an online survey. Participants were asked about their community engagement projects/activities, general questions about community engagement (such as guest speaking and perceived barriers to community engagement), and personal volunteering. The results of this survey will be used to help support, promote, and facilitate UNLV community engagement and to pursue the Carnegie Classification for Community Engagement.

Data Collection Methods

UNLV faculty and staff were surveyed from January 12, 2017 through March 3, 2017. Of 4,246 employees invited by email, 252 employees responded in full, and 88 employees provided partial responses. While the response of 340 yielded an overall response rate of 8%, the response rate among academic faculty was 12.9%, 8.6% among administrative faculty, 2.4% for classified staff, and 2.3% for all other employees.

![Response rate by employee type](image)

Nearly half (45.9%) of survey respondents are academic faculty, followed by administrative faculty (36.3%). Aside from those primary personnel, classified staff made up 8.2% of responses, personnel under letters of appointment 3.8%, part-time instructors 3.1%, “other” types of personnel 2.1%, and 0.7% responses were submitted by adjunct faculty.
Of the 340 that responded, 261 (76.8%) indicated that they were involved in one or more community engagement project/activity. A total of 787 projects/activities were described at least in part, which were the focus of several follow-up questions. As part of these project-specific follow-up questions, respondents identified 379 community partners\(^1\) with corresponding email addresses for a follow-up survey of community partners. Following project specifications, participants were asked a number of more general questions about community engagement, followed by an optional section about personal volunteering.

### Community Engagement Activities/Projects

Survey respondents began by providing brief descriptions of their community engagement projects/activities in their own words. They questionnaire instruction specified that “community engagement” means projects and/or activities that involve or impact the community and that are conducted primarily in your role as a UNLV employee. These descriptions can be found in Appendix B.

For each project/activity described, respondents were asked to specify their role, start and end dates (if known), and to answer a number of questions regarding the nature or purpose of the project/activity. The top 10 roles specified are shown in the graph below, followed by a table of all listed roles. The top 5 (aside from “other”) included Board Member (8.2% of projects listed), Organizer (8.0%), Coordinator (6.5%), Program Coordinator/Organizer (6.3%), and Committee Member (6.0%).

---

\(^1\) The count of community partners reflects those who had a corresponding email address, after duplicates and internal contacts were removed. Over 400 partner organizations/agencies were listed, however, only partners with a listed point of contact and external email address were matched and extracted for the follow-up survey.

To specify the approximate time frame of each project/activity, respondents were asked to enter the start and ending month and year (if known). The majority of projects/activities (65.3%) started since 2014, with 34.7% starting in 2014-2015 and 30.6% starting in 2016-2017. The remaining 34.7% started prior to 2014. Over half (56.3%) were indicated as having an unknown end date, either because the project is active with no determination of a projected end, or perhaps because the project had already closed and the respondent could not recall the month/year.

To calculate a total estimated time frame for cases with specified “unknown” end dates, the date of the survey submission was used as the approximate end date, assuming that many of the projects are ongoing. Projects/activities with missing data in this field were not included. Of those specified, almost half (47.3%) have or had been active for less than 2 years (28.8% less than 1 year and 18.5% for 1 year). About one in five (21.9%) had been active for 2-3 years, and 30.8% had been active for 4 years or more.
Respondents were then asked to describe the project/activity using a list of categories. Over a quarter (26.6%) of projects/activities were described as being community outreach oriented, followed by 22.7% which were described as serving members of the community, 19.2% as community-based education, and 18.7% as volunteering. Community-based research made up 12.6% of the projects, followed by serving as an advisor to a community organization (12.1%), mentoring (11.3%), service learning for UNLV students (10.9%), and serving as an advisor to a student organization that is engaged in the community (5.6%). “Other” types of community engagement made up 6.5% of projects/activities.

The questionnaire outlined UNLV’s seven primary community engagement goals, and asked respondents to select all that could describe the purpose of the project/activity. Nearly one third of the projects/activities aligned with the goal of facilitating greater community engagement (31.7%) and helping solve community problems (29.9%). About one in four projects/activities held the goal of building intellectual and cultural vitality in the community (24.4%) and supporting student opportunities (24.2%). A smaller percentage hold the goal of economic development (12.1%), advancing development and fundraising (8.2%), and building relationships through and inviting support of athletics (2.5%).
Other project goals:

ACCREDITING ENGINEERING PROGRAMS
BEREAVEMENT LOSS
BRINGING RESEARCH TO THE JUDICIAL SYSTEM
BUILDING AWARENESS AMONG CITY AND COUNTY RESIDENTS
COLLABORATING TO IMPROVE VETERAN SERVICES AT ALL NSHE ORGANIZATIONS
COLLABORATION BETWEEN NORTH AND SOUTH, GOVT. AND NON-PROFIT ETC.

Nearly one in three (30.2%) community partners for the projects/activities were non-profit organizations, while roughly one in five were community members (22%) or government agencies (18.3%). Community based organizations comprised 17.3% of community partners,
17% were public or private schools, and businesses were 13.5% of partners. Social organizations (9.1%) and faith-based groups (3.9%) were a smaller percentage of community partners.

General Community Engagement

In the next section of the survey, respondents were asked questions that refer to community engagement efforts in more general terms and do not necessarily tie back to any specific projects/activities.

When asked whether they had invited community leaders to speak for UNLV classes or events, 19.4% of respondents indicated that they had done so for events, and 16.5% indicated that they had done so for a class. Furthermore, 39.5% indicated that they had been invited to speak at a community event.

Yes. I was often asked to serve as a judge in science fair events. I spoke at the graduation ceremony held by Coral Academy of Science Las Vegas.

When asked about barriers to UNLV’s engagement with the community, or the likely barriers of the community in reaching UNLV for engagement, roughly one on four respondents indicated that they have experienced barriers to community engagement (26.4%) and/or that the community faces barriers to engaging with UNLV (23.9%). Recurring themes among barriers faced by UNLV personnel included limited funding, limited time, financial limitations, issues with community culture (such as lack of understanding about benefits of partnership and nature of processes for research and grant application), bureaucracy, and issues with campus culture or infrastructure (such as lack of support from supervisors, lack of centralized information, and parking challenges).
Barriers that faculty/staff face in achieving community engagement are specified below:

A RELUCTANCE TO PURSUE QUALITY AND A VERY CONSERVATIVE ATTITUDE TO PUBLIC SPENDING.
BARRIERS ENDEMIC TO BUILDING FUNDING RELATIONSHIPS WITH FOUNDATIONS AND CORPORATIONS
COMMUNITY MEMBERS ARE BUSY AND DO NOT ALWAYS SEE ADVANTAGE OF EXTERNAL HELP
COMMUNITY NOT INTERESTED IN MY AREA OF EXPERTISE.
DIFFICULTIES WITH CCSD BUREAUCRACY
DIFFICULTY CONDUCTING CLINICAL AND RESEARCH ACTIVITIES ON AN A CONTRACT WITH THE BARRIERS THAT ARE IN PLACE.
FINANCES AND COMMUNICATION
FUNDING OPPORTUNITIES FOR SCHOLARSHIPS FOR QUALIFIED MINORITY STUDENTS.
I HAVE A LIMITED TERM CONTRACT.
I HAVE TRIED TO PARTNER WITH COMMUNITY AGENCIES ON NUMEROUS OCCASIONS FOR RESEARCH PURPOSES AND NEVER GET A RESPONSE.
I HAVE WORKED IN A COMMUNITY ENVIRONMENT SINCE 2001. I HAVE DEVELOPED SOME VERY STRONG RELATIONSHIPS WITH COMMUNITY PARTNERS.
I WANTED TO PARTICIPATE IN APRA, BUT WAS DENIED THE OPPORTUNITY BECAUSE OF FUNDING.
IN THE LAST 10-11 YEARS A MAJOR FOCUS OF MY RESEARCH AND WORK HAS BEEN IN PARTNERSHIP WITH THE NATIONAL PARK SERVICE (LAKE MEAD). THIS HAS BROUGHT IN SUBSTANTIAL MONEY TO UNLV, FUNDED FIELD SCHOOLS FOR STUDENTS TO LEARN, FUNDED NUMEROUS GA'S, SUMMER STIPENDS, AND SALARIES FOR STUDENTS; AND HAS BENEFITED BOTH ME AND MY STUDENTS (THROUGH RESEARCH AND OPPORTUNITIES) AND LAKE MEAD (THROUGH PROVIDING RESEARCH THAT BENEFITS THEIR MISSION). THE ONLY BARRIER I HAVE FACED IS A LACK OF TIME- THESE PARTNERSHIPS TAKE TIME, AND MY SENSE IS THAT UNLV (OR, AT LEAST, MY CHAIR AND PAST DEAN-WE HAVE A NEW DEAN AND HE MAY FEEL DIFFERENTLY) DID NOT VALUE THIS PARTNERSHIP- OR, AT LEAST, DID NOT VALUE IT AS HEAVILY AS OTHER ACTIVITIES. AS A RESULT, I AM PLANNING TO SCALE BACK ON THIS PARTNERSHIP IN ORDER TO HAVE MORE TIME TO SPEND IN OTHER ARENAS.
IN TRYING TO CONTACT CCSD PRINCIPALS TO INVITE THEIR 5TH GRADERS TO PARTICIPATE IN REBEL SCIENCE CAMP, THEY RARELY (2 OUT OF 5) RESPOND TO MY EMAIL AND HAND-DELIVERED INVITATIONS TO ATTEND THE CAMP.
INFLEXIBILITY FROM SUPERVISOR TO PARTICIPATE
INTENSIVE TIME COMMITMENT, ENSURING/DEVELOPING MUTUALLY BENEFICIAL GOALS, STRUCTURE OF ACADEMIC SCHEDULE NOT ALIGNING WITH NONPROFIT NEEDS, ETC
INVITING COMMUNITY MEMBERS TO UNLV: PARKING IS AN ISSUE (E.G., PARKING PASSES, SPACE). IT IS DIFFICULT TO HAVE VISITORS COME TO CAMPUS FOR MEETINGS BECAUSE OF PARKING PROBLEMS.
LACK OF COMMUNITY RESOURCES
LACK OF COMMUNITY UNDERSTANDING OF RESEARCH; LACK OF UNDERSTANDING ABOUT ACADEMIC CULTURE AND PROCESSES
LACK OF FREE TIME.
LACK OF SUPPORT FROM MY UNIT.
LACK OF TIME (x2)
LACK OF TIME AND SUPPORT
LACK OF UNDERSTANDING ABOUT THE RESEARCH
LIMITED CONNECTIONS
LOGISTICS
MISUNDERSTANDING ON GRANT PROPOSAL PROCESSES BY THE COMMUNITY MEMBERS
NATIVE AMERICAN TRIBAL COMMUNITIES, S. NEVADA
NO CENTRALIZED LOCATION/INFORMATION; LACK OF CAMPUS CONTACTS
NO ONE WANTS TO BE THE "ANGEL" DONOR FOR A NEW PROGRAM.
NOT ENOUGH TIME IN THE DAY
PARKING FOR EVENTS ON CAMPUS. THE NCLI DOWNTOWN IS AN EXCELLENT VENUE FOR COMMUNITY ENGAGEMENT.
PEOPLE CAN STILL BE COMPETITIVE, TERRITORIAL, EVERYONE IS VERY BUSY
POLITICAL BARRIERS. UNLV BARRIERS
POTENTIAL PARTNERS ARE NOT INTERESTED.
PRIOR FUNDING ARRANGEMENTS ELSEWHERE WITHIN UNLV; TIME SCHEDULING
SINCE THERE IS A LARGE COMMUNITY NEED FOR SUBSTANCE USE EDUCATION AND SERVICES, THERE IS ALSO A LARGE DEMAND FOR OUR SERVICES. IT WOULD BE NICE IF THERE WERE MORE SUBJECT MATTER EXPERTS THAT WE COULD RELY ON TO INCREASE OUR CAPACITY. IT IS SOMETIMES HARD OR COMMUNITY MEMBERS TO FIND TIME TO ATTEND MEETINGS IN ADDITION TO DOING THEIR DAY-TO-DAY JOB. IT WOULD BE NICE IF THERE WERE MORE FUNDING TO SUPPORT OUR EFFORTS AND INCREASE OUR CAPACITY SO THAT WE COULD MEET THE DEMAND AND BETTER SERVE THE COMMUNITY.
SOME ORGANIZATIONS DON'T WANT TO WORK WITH COLLEGE STUDENTS.
STILL BUILDING RELATIONSHIPS WITH CCSD...GETTING BETTER
SUBJECT MATTER
SUPPORT/ACKNOWLEDGEMENT FROM UNLV
THE COMMUNITY AND UNLV ARE NOT SUPPORTIVE OF ANYTHING REMOTELY CONSERVATIVE. THEY WELCOME BLEEDING HEART LIBERAL AGENDAS WITH OPEN ARMS AND COOKIES AND PUNCH, BUT NOT ANYTHING CONSERVATIVE. VERY BIASED COMMUNITY.
THE LOCAL ARTS COMMUNITY IS VERY FRACTURED--EVERY MAN FOR HIMSELF. THERE IS NO LOCAL ACTIVE ARTS COUNCIL THAT FACILITATES COMMUNITY ENGAGEMENT AND UNDERSTANDING.
THE PUSHBACK FROM COMPANIES WHEN TRYING TO SETUP AN EDUCATION FAIR FOR THEIR EMPLOYEES. 
THE TIME COMMITMENT TO ORGANIZE AND PROMOTE A WORKSHOP ON BEHALF OF A COMMUNITY PARTNER WAS SIGNIFICANT GIVEN OUR STAFFING. WE ENCOURAGED THE COMMUNITY PARTNER TO REACH OUT TO US IN 2017 TO EXPLORE CONNECTING THIS YEAR, WITH SIGNIFICANT ADVANCE NOTICE. 
THEY DON'T GENERALLY LIKE THE SLOW PACE OF UNIVERSITIES OR OUR "RUN AROUND" TIME 
TIME - I HAVE HIGH TEACHING AND ADMINISTRATIVE ROLES 
TIME AND MONEY 
TIME DURING WORKING HOURS TO RESEARCH & CONTACT COMMUNITY GROUPS 
TIME TO ENGAGE LOCALLY; NEW TO LAS VEGAS, I ALSO HAVE HAD MADE YET FOR IDENTIFYING LOCAL GROUPS WITH WHOM TO PARTNER 
TURNOVER IN THEIR STAFF 
UNCLEAR WHO WOULD BE INTERESTED IN MY WORK AND WHO WOULD BE AN APPROPRIATE PARTNER. 
UNLV - SINCE WE HAVE NO BUDGET - I HAVE TO RAISE PRIVATE FUNDS TO FUND OUR VARIOUS EVENTS... THE FOUNDATION HAS BEEN CHALLENGING. IT IS IMPROVING NOW 
UNLV PROVIDES NO SUPPORT OR RECOGNITION 
WE NEED MORE UNV PEOPLE IN SIGNIFICANT COMMUNITY POSITIONS. THIS ENHANCES UNLV'S BRAND. THIS SHOULD BE ENCOURAGED. 
WHEN THE ACTIVITY IS SPONSORED RESEARCH THE PROCESS OF WORKING WITH UNLV IS VERY CUMBERSOME 
YES TIME AND RESOURCES 
YES UNLV POLICIES AND PROCEDURES HAVE A MACRO APPROACH. BUT A MICRO APPROACH SHOULD APPLY TO INCREASE COMMUNITY ENGAGEMENT 
YES, THE TIME TO DO RESEARCH AND WRITING. 
YES. FEAR FROM COMMUNITY MEMBERS ABOUT THEIR HEALTH, OR WHAT THE IMPACT OF MY RESEARCH MIGHT HAVE ON THEIR FINANCIAL STATUS (HOME WORTH), ETC. I'M NOW WORKING WITH A LARGE GROUP OF RESEARCHERS FROM OUTSIDE OF NV WHO TRAVEL HERE AND HELP TO ENGAGE THE COMMUNITY. 

Barriers experienced by the community in achieving UNLV engagement, as specified by the faculty/staff respondents, are reported verbatim below: 

AN UNDISTINGUISHED FACULTY AND ADMINISTRATION. 
ANYTHING THAT MUST GO THROUGH APPROVAL BY UNIVERSITY LEGAL IS FRUSTRATING AND DRIVES AWAY SOME POTENTIAL PARTNERS. 
BALANCING THE DAY-TO-DAY WORK DEMANDS WHILE BEING INVOLVED WITH COMMUNITY GROUPS. RESEARCH AND TEACHING MUST BE ADDRESSED (FOR P&T PURPOSES) BEFORE THESE OTHER OPPORTUNITIES CAN BE PURSUED. 
BEING TURNED AWAY 
BUREAUCRACY - EITHER THEY ARE OVERWHELMED WITH REQUESTS OR ARE UNABLE TO MAKE ANY MEANINGFUL CONNECTIONS.
BUREAUCRACY
BUREAUCRACY, TIMELINESS, PARKING
BUREAUCRACY; ISSUES WITH UNLV BEING SO LARGE AND COMPLICATED THAT GROUPS DON'T KNOW WHERE TO START
COMMUNITY GROUPS ARE NOT ALWAYS SURE WHO TO CONTACT.
CONNECTING WITH APPROPRIATE RESOURCES
CONNECTING WITH THE APPROPRIATE INDIVIDUALS/UNITS ON CAMPUS; RESTRICTIONS WITH ACCESS TO CAMPUS AND SERVICES
CONTACT PEOPLE
CONTACTS ARE ALL WORD OF MOUTH
DIFFICULTY IN IDENTIFYING PARTNERS, LUKEWARM SUPPORT FROM ADMIN (ACCORDING TO PARTNERS), ARRANGING MEETING DETAILS (CAMPUS PARKING)
DIFFICULTY REACHING THE RIGHT PEOPLE
FACULTY SCHEDULE AND AVAILABILITY, GIVEN OTHER TIME COMMITMENTS.
GENERALLY CONFUSION ON WHO TO CONTACT
GETTING TWO IRBS TO WORK TOGETHER HAS BEEN CHALLENGING - EACH HAS DIFFERENT LAYERS OF BUREAUCRACY
GRANTS THROUGH OSP TOO HIGH RATE
HARD TO FIND HOW TO CONNECT
HAVING TO SIGN AN AFFILIATION AGREEMENT
I THINK IT CAN BE VERY DIFFICULT FOR COMMUNITY GROUPS TO LOCATE THE APPROPRIATE CONTACT FOR THEIR DESIRED TYPE OF PARTNERSHIP; IT CAN SOMETIMES BE DIFFICULT TO EVEN LOCATE THE APPROPRIATE WEBPAGE BECAUSE THERE IS NO CENTRALIZED STARTING POINT.
INCONVENIENT AND PAID PARKING IS A MAJOR ISSUE TO BRINGING PEOPLE TO CAMPUS.
INTERGOVERNMENTAL RELATIONS. INSTITUTIONAL SUPPORT. MUSEUM/ANTHROPOLOGY STUDIES AND APPLICATIONS- ETC
IP/CONFIDENTIALITY
KNOWING WHO TO CONTACT.
LACK OF CONTACT
LACK OF INFORMATION ABOUT WHAT IS AVAILABLE AT UNLV.
LACK OF SUPPORT FROM THE UPPER ADMINISTRATION
LIABILITY INSURANCE, AS WELL AS VARIOUS FORMS OF DISCRIMINATION
LISTED ABOVE
NO
NOT KNOWING POLICIES FOR SUBMITTING ANY LIABILITY/INSTITUTIONAL RELATIONSHIP/MEDIA RELATIONS PAPERWORK
NOT KNOWING WHERE TO START OR WHERE TO BEGIN CONVERSATIONS. ONE CAMPUS ADDRESS DOESN'T MAKE THINGS LOGISTICALLY EASY, NOR DOES OUR VERY POOR SIGNAGE. PARKING IS ALSO A CHALLENGE AS WELL.
ONLY IF IT INVOLVES POTENTIAL FUNDING
PARKING
PARKING ACCESS TO VISIT CAMPUS
PARKING, LACK OF KNOWLEDGE ABOUT WHAT GROUPS THERE ARE AND WHAT THEY CAN OFFER
PERHAPS NOT KNOWING WHO TO CONTACT/HOW TO FIND THE RELEVANT EXPERT
POOR COMMUNICATION, LACK OF PARKING AND ACCESSIBILITY.
RED TAP AND PAPERWORK
SAME AS ABOVE
SCHEDULING AND SUNSHINE RULES
SIMILAR TO COMMUNITY BARRIERS-- LIMITED RESOURCES (TIME AND STAFF), DIFFERING CALENDAR NEEDS, SEEKING RETURN/CONSISTENT VOLUNTEERS
SOMETIMES THEY DON'T KNOW WHO TO CONTACT OR THEY MIGHT NOT KNOW HOW UNLV COULD POTENTIALLY WORK WITH THEM.
SUPPORT FROM COLLEAGUES
THE INSURANCE REQUIREMENTS
THE TIMING OF WHEN THEY WANT TO ENGAGE DOESN'T NICELY FIT WITH THE NORMAL ACADEMIC CYCLE.
THERE OFTEN TAKES SURPRISING AMOUNTS OF TIME TO COORDINATE EFFORTS
THEY MAY NOT BE ABLE EFFECTIVELY IDENTIFY THE PERSON OR PROGRAM THAT THEY ARE INTERESTED IN UNLV.
TIME AND RESOURCES
TIME, MONEY.
TIME, PARKING, FIGURING OUT WHO TO APPROACH
UNLV COSTS.
UNLV FACULTY AND STAFF TIME IS VERY LIMITED. WE OFTEN CANNOT RESPOND TO ALL COMMUNITY REQUESTS.
UNLV REQUIRES MORE CONSENT FORMS FOR STUDENTS TO PARTICIPATE IN EVENTS THAN OTHER SCHOOLS.
WE DON'T ALWAYS HAVE THE EXPERTISE THEY REQUIRE. THEY DON'T ALWAYS KNOW ABOUT US.
YEAH, UNLV WON'T ASSOCIATE WITH CONSERVATIVE GROUPS. I'M HUMILIATED THAT JESSUP DESIGNATED UNLV AS A SAFE SPACE AFTER THE ELECTION. OUR STUDENTS ARE STUPID ENOUGH AS IT IS (LOOK AT THE REMEDIAL MATH PROBLEM). NOW THEY GET A SAFE SPACE TO CRY THAT HILLARY OR BERNIE DIDN'T GET ELECTED?
YES - VARIOUS ENTITIES IN THE COMMUNITY INTERESTED IN PARTNERING WITH ACADEMIA FOR A VETERAN ENTREPRENEURSHIP PROGRAM HAVE ALL BEEN SHUT DOWN
YES, UNLV IS BIG AND IT'S UNCLEAR WHERE RESOURCES TO HELP WITH COMMUNITY PROJECTS
Personal Volunteerism

In the final optional section of the survey, respondents were asked questions regarding personal volunteer service outside of UNLV roles to demonstrate the contributions of UNLV faculty/staff to the community, beyond their professional work. Of 143 respondents answering the optional personal volunteering section, the majority (61.9%) indicated that they have performed some amount of personal volunteering outside of their UNLV role since January 1, 2014.

Nearly half (46.2%) of those who have performed community service had served 80 or more hours from 2014 to the time of the survey. This was followed by 29.9% who served 21-80 hours, and 23.8% that served 20 or fewer hours. Community-based organizations were the most commonly served (27.4%), followed by social organizations (12.9%), and public or private schools (10.9%).

UNLV Faculty/Staff Community Engagement Survey 2017

Thank you for your willingness to participate in this survey about UNLV’s community engagement efforts. Community Partnership is one of UNLV’s Top Tier goals, so we are very interested in learning more about your activities in this area. The goal of this survey is to identify the hundreds of community engagement activities occurring across our institution. Community engagement can include a wide range of activities that involve or impact the larger community outside UNLV, not just locally, but also statewide, nationally, or even globally. For the purposes of this survey, please consider engagement activities that you participate in as part of your role at UNLV, which may include:

- Primary or typical job duties
- Activities organized by UNLV or activities in which you expressly represent UNLV
- Activities outside of your job duties that rely on your expertise or your role as a UNLV employee

This survey consists of several sections asking for information about you and your community engagement projects and/or activities. We value your time immensely and have kept the survey brief. Please note however, that it is important that you share at least a brief overview of your community engagement work in the initial part of the survey so that we can identify as many community engagement activities as possible. You also have an opportunity to elaborate on each of these activities later in the questionnaire. The survey goes on to ask a few questions about your community engagement in more general terms, and then ends with an opportunity to share information about your personal volunteerism efforts (though these questions are optional).
S1Q1 Please provide information on your primary community engagement projects/activities that were active from January 1, 2014 to present. You may list up to five, and we ask that you list them in order of
their priority to you. If you do not have specific community engagement projects/activities to list, please skip this item and proceed with the survey to move to the next section.

Please describe each project in 25 words or less. These descriptions will be used throughout the survey to guide you through follow-up questions about each project. In a follow-up question, you will be asked to provide the name of the partnering organization, agency, or business.

Note: You will not have an opportunity to add projects later, so please enter all project descriptions on this page. Please also use the dropdown menu to indicate your primary role in each project/activity.

(In the near future, we will be contacting these individuals from our partner organizations to learn about their general experiences and perceptions of UNLV.) Note: Mailing addresses will be collected on the next screen, so if you have that information available, please keep it handy as you move to the next step.
