Process and Timeline: Provide a brief summary of the year-long process for your working group.

- Agreements in place with a master developer, Gardner Development, to advance the Harry Reid Research and Technology Park.

2017-18 Accomplishments.

Accomplishments this year include:

- Development of the first research building at the UNLV Harry Reid Research and Technology Park ('Research Park').
- Approval by the NSHE Board of Regents for UNLV to lease 1.5 floors of the building for hospitality and gaming-related research. A large portion of the tenant improvements and programmatic expenses will be covered by a corporate partner from the hospitality industry.
- Economic Development offices may move to new Research Park building.
- Initial plans and partnerships being developed for Sports Research and Innovation Initiative with potential construction of second building at the Research Park.
