

How Top Tier Impacts Faculty

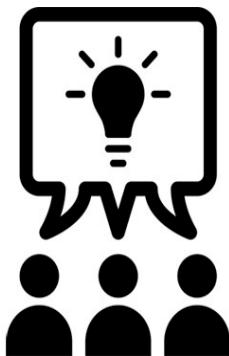

Strengthens Resources

Easier ability to raise funding for

- Research
- Additional graduate student projects
- Special projects
- Campus expansion
- Facilities improvement
- Additional resources

Attracts Students

- Easier to attract high-quality students
- UNLV is more attractive for local students
- Enhanced value of undergraduate and graduate degrees in the professional communities which, in turn, will create more dedicated and generous alumni

Enhances Research

- Research is essential to the university's success – not only by potential income generation from projects that directly relate to industry enhancement, but by encouraging the young minds in our student populations – showing them and leading by example
- Research changes how we teach, from a theoretical-based education based on others' discoveries to a practical one based on actually changing existing knowledge

Contributes to the UNLV Climate

Opportunities to be

- Proactive
- Inclusive
- Informed
- Involved

Further advancing the field, UNLV, and the Top Tier mission
