

How Top Tier Impacts Students

Value

Our communities (local, state, national, world) will place a greater value on our undergraduate and graduate degrees.

Top Tier status will make UNLV more attractive to high-quality students and more attractive for local students.

UNLV's presence

Cutting-edge research increases UNLV's presence. More funding means more research activity, more lab equipment to run more experiments, more renovations to campus, and more scholarships for students.

Further campus opportunities for

- research,
- additional graduate student projects,
- campus expansion,
- facilities improvement,
- special projects, and
- additional resources.

Improved employment opportunities

There will be 350 high-paying jobs generated in the business community for every \$10 million in new grants and contracts.

Workforce development

Top Tier status will enhance workforce development as you graduate with broad, multipurpose expertise.

Enriching our community

Through collaborations that stimulate economic development and expand our connections, we are creating a community for our families and friends.
