

Mechanical Engineering MS & PHD Program Handbook

Welcome

Welcome to the Mechanical Engineering Department at the University of Nevada, Las Vegas. The MEG Department is committed to offer strong graduate academic curriculum in all mechanical engineering disciplines at both MS and Ph.D. The educational and research programs of the Department are directed by 19 full-time faculties. Eight of the 19 full-time faculties are Fellows of ASME and others have received various national and international recognition.

One of the advantages of being a Mechanical Engineer is the breadth of employment opportunities that are available upon graduation. The available equipment, excellence in instruction and an emphasis on quality of education will lead the student into positions in many sectors of today's technology.

Mechanical Engineering graduates from UNLV have gone on to rewarding careers with industry, utility companies, consulting engineers and local, state and federal agencies. The long-term outlook for employment of Mechanical Engineers appears to be excellent both regionally and throughout the country.

Mission Statement(s)

It is the mission of the Department of Mechanical Engineering to prepare students for the lifelong practice of mechanical engineering and related engineering disciplines.

Professional Code of Ethics/Discipline Guidelines

UNLV Graduate College policy regarding academic integrity can be found in the graduate catalog.

Annual Review Procedures

Each winter break and early spring term, graduate students are **required** to complete the Graduate Student Individual Development Plan (IDP) form. The review covers the prior calendar year and assesses student progress, and it establishes reasonable goals for the year ahead. Reported student data is shared with students' graduate coordinators and advisors to foster opportunities for discussion about students' strengths and weaknesses, accomplishments and next requirements, and mentoring plans so that students know what they need to do in order to progress successfully through their programs in a timely manner. Students who are graduating are also required to complete the form in order to record their achievements since the data is also used to track metrics related to the annual productivity of all students. This survey will be sent by the Graduate College to the student's Rebelmail account. The review covers the prior calendar year and assesses student progress while setting goals for the year ahead.

Probation

If a student fails to successfully progress in their degree program, their department/school will recommend that the student be placed on probation by the Graduate College. Students on probation may be dismissed/separated from their program for failing to successfully meet the conditions of their probation by the deadline provided. Please see the [Probation and Separation](#) section of the Graduate Catalog for more information.
