

College: **College of Sciences**  
 Department: **School of Life Sciences**

Requirements for entering terms: **Fall 2014 - Spring 2015**  
 Catalog Expires (10 yrs): **August 2025**  
 Graduation: **Spring 2018 - Spring 2019**

Take 15 credits per semester to graduate in 4 years

	Credits
1st Year :	32
2nd Year :	28
3rd Year :	29
4th Year :	31
<b>Total :</b>	<b>120</b>

**Notes**

\*Student who place below MATH 181 should enroll in math during summer terms

\*\*A minimum of six (6) credits are required, to be composed of a three-credit multicultural course and a three-credit international course that may simultaneously fulfill other general education requirements (General Education Requirements are Italicized). A single course may not simultaneously meet both the multicultural and international requirements. Discuss with your Academic Advisor!

\*\*\*See List requirements; only one credit from BIOL 492, 493, 494 or 496 may be used toward the requirement for 20 upper division biology credits.

To enroll in upper division (300-400 level) biology classes, students must complete a set of introductory science, math, and composition classes with a satisfactory grade. These courses, which satisfy university and science major requirements (25 credits), are typically taken in the freshman year. Entry to the major requires a C or better (C- is not sufficient) in each of the following classes (or equivalent transferred from another institution): BIOL 196, BIOL 197, CHEM 121, CHEM 122, MATH 127 or 181, ENG 101, ENG 102. Students with Advanced Placement (AP) credit in chemistry and/ or biology must complete the appropriate lab at UNLV and earn a grade C or higher.
