

Minor in Family Studies
In Marriage and Family Therapy Program

Program of Study:

MFT 150 is a pre-requisite for all other courses. After completing MFT 150 courses may be taken in any order although we advise that MFT 428 be taken last. It is possible to take all the courses in one academic year; however, most students will take the courses over two to three years. It is important to plan ahead as three courses are typically taught in the Fall and three in the Spring. Some of the courses are taught in the summer if we have enough faculty but the scheduling of these courses is unpredictable. We always offer courses in the following sequence:

Fall

MFT 150

MFT 225

MFT 360

Spring

MFT 360

MFT 370

MFT 428
