The goal of the Community Component of the Dietetic Internship is to provide the intern with the opportunity to observe and gain information from a variety of diverse community nutrition programs as well as a more intensive work experience in one or two aspects of community nutrition programming. This format will provide each intern with the opportunity to observe the diversity within community nutrition and to actively participate in nutrition program development and implementation. Topics pertinent to all areas of practice such as professional development and the Code of Ethics will be covered in detail during the Community Rotation. The Community Nutrition Component of the dietetic internship will provide 240 hours of supervised practice. The time will be allotted as follows:

i. 160 hours In Depth Learning divided between 2 learning sites
ii. 72 hours Multiple Site Overview Experiences
iii. 8 hours Classroom experience and presentation
