I. Course Prefix & Number: ESP 773 1001

II. Course Title: Assessment of Young Children with Disabilities

1 Academic Misconduct – Academic integrity is a legitimate concern for every member of the campus community; all share in upholding the fundamental values of honesty, trust, respect, fairness, responsibility and professionalism. By choosing to join the UNLV community, students accept the expectations of the Student Academic Misconduct Policy and are encouraged when faced with choices to always take the ethical path. Students enrolling in UNLV assume the obligation to conduct themselves in a manner compatible with UNLV’s function as an educational institution. An example of academic misconduct is plagiarism. Plagiarism is using the words or ideas of another, from the Internet or any source, without proper citation of the sources. See the Student Academic Misconduct Policy (approved December 9, 2005) located at: http://studentconduct.unlv.edu/misconduct/policy.html.

Copyright – The University requires all members of the University Community to familiarize themselves with and to follow copyright and fair use requirements. You are individually and solely responsible for violations of copyright and fair use laws. The university will neither protect nor defend you nor assume any responsibility for employee or student violations of fair use laws. Violations of copyright laws could subject you to federal and state civil penalties and criminal liability, as well as disciplinary action under University policies. Additional information can be found at: http://www.unlv.edu/provost/copyright.

Disability Resource Center (DRC) – The UNLV Disability Resource Center (SSC-A 143, http://drc.unlv.edu/, 702-895-0866) provides resources for students with disabilities. If you feel that you have a disability, please make an appointment with a Disabilities Specialist at the DRC to discuss what options may be available to you. If you are registered with the UNLV Disability Resource Center, bring your Academic Accommodation Plan from the DRC to the instructor during office hours so that you may work together to develop strategies for implementing the accommodations to meet both your needs and the requirements of the course. Any information you provide is private and will be treated as such. To maintain the confidentiality of your request, please do not approach the instructor in front of others to discuss your accommodation needs.

Religious Holidays Policy – Any student missing class quizzes, examinations, or any other class or lab work because of observance of religious holidays shall be given an opportunity during that semester to make up missed work. The make-up will apply to the religious holiday absence only. It shall be the responsibility of the student to notify the instructor within the first 14 calendar days of the course for fall and spring courses (excepting modular courses), or within the first 7 calendar days of the course for summer and modular courses, of his or her intention to participate in religious holidays which do not fall on state holidays or periods of class recess. For additional information, please visit: http://catalog.unlv.edu/content.php?catoid=6&navoid=531.

Transparency in Learning and Teaching—The University encourages application of the transparency method of constructing assignments for student success. Please see these two links for further information:

https://www.unlv.edu/provost/teachingandlearning
https://www.unlv.edu/provost/transparency

Incomplete Grades - The grade of I – Incomplete – can be granted when a student has satisfactorily completed three-fourths of course work for that semester/session but for reason(s) beyond the student’s control, and acceptable to the instructor, cannot complete the last part of the course, and the instructor believes that the student can finish the course without repeating it. The incomplete work must be made up before the end of the following regular semester for undergraduate courses. Graduate students receiving “F” grades in 500-, 600-, or 700-level courses have up to one calendar year to complete the work, at the discretion of the instructor. If course requirements are not completed within the time indicated, a grade of F will be recorded and the GPA will be adjusted accordingly. Students who are fulfilling an Incomplete do not register for the course but make individual arrangements with the instructor who assigned the I grade.

Tutoring and Coaching—The Academic Success Center (ASC) provides tutoring, academic success coaching and other academic assistance for all UNLV undergraduate students. For information regarding tutoring subjects, tutoring times, and other ASC programs and services, visit http://www.unlv.edu/asc or call 702-895-3177. The ASC building is located across from the Student Services Complex (SSC). Academic success coaching is located on the second floor of the SSC (ASC Coaching Spot). Drop-in tutoring is located on the second floor of the Lied Library and College of Engineering TEB second floor.

UNLV Writing Center – One-on-one or small group assistance with writing is available free of charge to UNLV students at the Writing Center, located in CDC-3-301. Although walk-in consultations are sometimes available, students with appointments will receive priority assistance. Appointments may be made in person or by calling 702-895-3508. The student’s Rebel ID Card, a copy of the assignment (if possible), and two copies of any writing to be reviewed are requested for the consultation. More information can be found at: http://writingcenter.unlv.edu/

Rebelmail – By policy, faculty and staff should e-mail students’ Rebelmail accounts only. Rebelmail is UNLV’s official e-mail system for students. It is one of the primary ways students receive official university communication such as information about deadlines, major campus events, and announcements. All UNLV students receive a Rebelmail account after they have been admitted to the university. Students’ e-mail prefixes are listed on class rosters. The suffix is always @unlv.nevada

Final Examinations – The University requires that final exams given at the end of a course occur at the time and on the day specified in the final exam schedule. However we will meet for the final exam at the regularly scheduled class time unless otherwise notified.

XIII. Course Requirements and Grading Policy:

**Course Requirements:**

1. **Examinations:** Two tests are required. One will be given mid-session and the other at the end of the session. Each will be taken in class and consist of 10 to 15 short-answer questions which cover material presented in class and in the assigned readings.

2. **Assessment Critiques:** Each student must do at least two critiques of assessment/evaluation instruments, procedures or systems utilized for curriculum
planning with young children either suspected to be or confirmed to be eligible for preschool special education or early intervention. However, more than two may be done and, if so, the two with the highest grades will be the ones figured in to the final grade average. Each critique should consist of a cover page with the complete reference of the test etc. in APA style and be followed by as many as necessary typed double spaced pages to answer the following questions:

1. How were the developmental sequences (or task sequences) derived?

2. Does it measure what it intends to measure? (How do you know?)

3. Does it have the ability to make the discriminations you want as an interventionist? Why?

4. Are the items clearly specified and are the criteria for pass/fail clearly delineated? (Give some examples.)

5. Can it be used to determine annual goals and short-term objectives? (Why or why not?)

6. Does it focus on some areas better than others and, if so, what are they?

7. On what population was the assessment normed?

8. Is the assessment "adaptable" ... that is, does it allow for changes in criteria for passing, materials, or presentation based upon the obvious limitations of the student.

The form that your critiques take should be as simple as a restatement of each question followed by your answer. Both critiques must be turned in by the beginning of class on Thursday, Dec. 7. If you elect to do more than two, all must be turned in by the beginning of class on Dec 7. None will be accepted after that date and time and a 0 score for the missed assignment will be entered into the computation of final grade.

Please note that you are responsible for finding the tests, instruments etc. to review. Some good sources include the Lynn Bennett ECE Center on campus and the UNLV library. However, remember that the LBECEC is under no obligation to assist you. They do so only as a favor to students taking this class, so act accordingly.

**Grading Policy:**

Final grade for the course will be determined by the simple arithmetic average of the two tests plus the points earned for the two best critiques. Each test is worth a max of 100 points and each critique is worth 50 points (total possible equal 300; 300/3 or 100 max average for course). Grades with associated average point ranges are:

- A = 95-100
- A- = 90-94
- B+ = 87-89
- B = 83-86
NOTE: STUDENTS TAKING THIS CLASS AS PART OF A DOCTORAL PROGRAM OF STUDIES MAY HAVE DIFFERENT REQUIREMENTS IMPOSED. IF THIS APPLIES TO YOU MAKE AN APPOINTMENT WITH THE INSTRUCTOR, AS SOON AS POSSIBLE, TO DISCUSS WHAT THOSE REQUIREMENTS WILL INVOLVE.
