UNLV B.S. Biology with an Microbiology Concentration (BIOMB) 2012-2014 Catalog

UNLV UNIVERSITY AND COLLEGE OF SCIENCES GRADUATION REQUIREMENTS

120 total credits: The minimum number of semester credits required for a bachelor’s degree for a student graduating under the regulations of the 2012-2014 Undergraduate Catalog is 120.

Last 30 credits @ NSHE school: A candidate for the baccalaureate degree must complete the last 30 UNLV semester credits in uninterrupted resident credit as a declared major in the degree-granting college. A student must declare a major prior to enrolling in the last 30 UNLV resident credits. (Special examination, physical education activity courses, or correspondence credits are exempted.)

½ credits from a four-year school: At least half of the total credits required for a baccalaureate degree at the institution must be earned at a four-year institution.

Graduation GPA 2.0: In order to graduate, an undergraduate student shall have a minimum cumulative grade point average of 2.00 for the total of all college-level credit attempted at the University of Nevada, Las Vegas (UNLV GPA). College and department GPA requirements must also be met. The College of Sciences requires a cumulative GPA of at least 2.00 for all courses in the major field.

40 upper division credits (300-400): The College of Sciences requires that of the total 120 credits require for the degree, at least 40 credits must be in courses numbered 300 or higher. These include all 300 and 400 level classes taken at UNLV, including those required for the major.

UNLV GENERAL EDUCATION CURRICULUM REQUIREMENTS

General education curriculum requirements for students with majors in the College of Sciences. With the exception of the Multicultural/International course requirement, UNLV general education core courses cannot be duplicated across general education core curriculum requirements.

FIRST YEAR SEMINAR (FYS) REQUIREMENT: Any first year seminar class; (required for First-time Freshmen or change of majors with less than 30 credits, or any student that attended community college high school); must be completed by the end of the freshman year; SCI-101 strongly recommended for science and math majors.

SECOND YEAR SEMINAR (SYS) REQUIREMENT: Any second year seminar class (currently ENG 231 or 232); required of all Sophomores, including transfer students and change of majors with less than 60 credits.

ENGLISH COMPOSITION REQUIREMENT: ENG 101 or ENG 101W or ENG 113 or [ENG 101E + 101F] and ENG 102, ENG 114 or HON – see Advisement Report in MyUNLV. Must be completed by the end of the sophomore year.

CONSTITUTIONS REQUIREMENT: Satisfactory completion of courses examining the constitutions of both the United States and the State of Nevada. Transfer students who have already successfully completed a satisfactory 3 semester-credit U.S. Constitutions course from a regionally-accredited institution must successfully complete a satisfactory Nevada Constitutions course (PSC 100 recommended). See Advisement Report in MyUNLV.

MATHEMATICS REQUIREMENT: The General Education Mathematics requirement will be filled by the math course(s) required in the student’s major. Must be completed by the end of the sophomore year. Please see the catalog Admissions Section for current ACT/SAT placement test scores that will guide placement in the appropriate MATH class. Students interested in alternate placement testing should contact the Department of Mathematical Sciences at 702-895-3567.

BIOLOGY MICROBIOLOGY DEGREE REQUIREMENTS

Minimum overall biology GPA 2.0

BIOL196/196L Biology I
BIOL197/197L Biology II
BIOL 351 Microbiology [Prerequisite grade ≥ C in BIOL 196, 197; CHEM 121]
BIOL300/300L Genetics OR BIOL 304/304D Molecular Genetics [Prerequisite: ≥ C in BIOL196,197,CHEM241,241L]
BIOL415 Evolution [prerequisite: grade ≥ C in BIOL300]

MICROBIOLOGY UPPER DIVISION COURSE REQUIREMENTS (300 - 400 LEVEL): SEE COURSE LISTS ON REVERSE SIDE

A minimum of 28-32 upper division Biology credits are required (not incl BIOL 300, 304, 351 or 415; if 300[304] is used for the Core. 304[300] may be used for List B

Select a minimum of four courses from this list: BIOL 405 Molecular Biology, 409 Virology, 418 Microbial Ecology, BIOL 453 Immunology, 460 Microbial Physiology, 464 Bacterial Pathogenesis, 470 Topics in Applied Microbiology, 485 Microbial Genetics

Select remaining courses from Lists A, B, C, D or E*

Only one credit may be selected from BIOL 492, 493, 494 or 496; BIOL 499 cannot be used toward this requirement

RELATED COURSE REQUIREMENTS: Minimum Grade passing

CHEM121/121L General Chemistry I [Prerequisite: C in CHEM 103 or pass Chem PreTest; see--http://sciences.unlv.edu/Chemistry/policy.htm; Corequisite MATH 127 or 128; remaining chemistry courses must be completed in numerical order]
CHEM122/122L General Chemistry II
CHEM241 Organic Chemistry I
CHEM241L Organic Laboratory
CHEM242 Organic Chemistry II
CHEM242L Organic Laboratory
CHEM474 Biochemistry I
CHEM475 Biochemistry II

Optional: Chem minor: additional 9 credits upper division chemistry courses (≥C in each chemistry class required for a Chemistry minor)

MATH181 Calculus I [Prerequisite: ≥ C in MATH 127 or 128]
MATH 182 Calculus II [recommended but not required]

STATISTICS: STA 391 Appl Stats for Biol Sci OR STA 491 Stats for Sci I

PHYS151/151L General Physics I [Prerequisite: ≥ C in MATH 127 or 128]
PHYS152/152L General Physics II
