

University Requirements for Minors:

Minors are awarded at graduation only at the same time a major is awarded
 At least nine credits must be earned at UNLV
 12 credit hours must be earned at the 300-400 level
 18 credit hours must be earned in the subject area (24 recommended)

Geoscience Department Requirements:

At least 24 credits must be earned to receive the Physical Geography Minor, as specified below.
 At least twelve credits in GEOG and GEOL courses must be numbered 300 and above (included in requirements).

The Physical Geography minor is designed for students in the Colleges of Science, Education, Liberal Arts, Engineering, and others, who desire a scientific understanding of the spatial aspects of the Earth System and analysis of spatial data. The minor emphasizes the four spheres of the Earth System: Atmosphere, Lithosphere, Hydrosphere, and Biosphere.

The student and geoscience advisor must agree upon the courses chosen to satisfy the Earth & Environmental Science minor. This list must be signed by the student and advisor and placed on permanent record in the student's file. No more than 12 credits taken for the minor may be used to satisfy requirements in a major.
