

University Requirements for Minors:

Minors are awarded at graduation only at the same time a major is awarded
 At least nine credits must be earned at UNLV
 12 credit hours must be earned at the 300-400 level
 18 credit hours must be earned in the subject area (24 recommended)

Geoscience Department Requirements:

At least 23 credits must be earned to receive the Earth & Environmental Science Minor, as specified below.

The Earth & Environmental Science Minor is appropriate for all students with interests in the environment and especially for those who seek careers that may be enhanced by a background in EAES. These include, but are not limited to biology, physics, chemistry and engineering.

The student and geoscience advisor must agree upon the courses chosen to satisfy the Earth & Environmental Science minor. This list must be signed by the student and advisor and placed on permanent record in the student's file.

Core Earth & Environmental Science Course Requirements	12 credits
GEOL 101 - Exploring Planet Earth	4 credits
GEOL 102 - Earth and Life Through Time	4 credits
<i>Select one of the following:</i>	
GEOG 103 - Physical Geography of Earth's Environment	3 credits
GEOL 105 - Introduction to Geology of National Parks	3 credits
GEOL 100 - Natural Disasters	3 credits
Upper Division Geology and Geography Course Requirements	12 credits
Choose at least 12 credits from GEOL and GEOG courses numbered 300 or above. No more than 12 credits taken for the minor may be used to satisfy requirements in a student's major.	
1)	3 credits
2)	3 credits
3)	3 credits
4)	3 credits

Applications for Graduation for majors and minors are initiated on-line by the student in MyUNLV
