College of Sciences Policies Regarding Minors:

Consult with your advisor or advising [website](#) for the most updated info about your degree plan.

Minors must be declared prior to graduation. Completed minors will be listed on a student's transcript upon degree conferral.

C or better grade is required for all courses that apply towards any minors within the College of Sciences

2.000 or higher cumulative UNI V and minor GPA is required to complete any minors within the College of Sciences

2.500 or higher cumulative UNI V GPA is required to declare a minor within the College of Sciences

Students are ineligible to pursue two programs of study within the same department. Consult with your advisor for more information.

Department Policies Regarding This Minor:

For Biochemistry majors, a minor in Biological Sciences or Chemistry is not allowed

A minimum of 9 credits towards this minor must be earned at UNLV

12 credits towards this minor must be upper-division (300 level or higher courses)

18 credits towards this minor must be earned within the subject area

A minimum of 24 total credits is required for this minor.

BIOL 304 and BIOL 415 are recommended BIOL UD elective courses

*BIOL 189 can be substituted with a 4-credit upper-division (300 level or higher) Biology course. Inform your advisor if this is your plan.

**No more than three credits of independent study (BIOL 492, 493, 494, or 496) may be applied towards this minor.

***CHEM 121A+L, 122A+L, ENG 102, & MATH 127 or higher courses do not apply to minor requirements; however, they are required minimum pre-reqs. for upper-division Biology courses. CHEM 103 may be needed to enroll in CHEM 121A if a valid placement exam score is not detected.

About This Minor:

The Biological Sciences Minor is appropriate for all students with interests in the life sciences and especially for those who seek careers that may be enhanced by a background in biology. These include, but are not limited to, chemistry, geoscience, psychology, anthropology, and sociology.
