

Solar and Renewable Energy
Track 2 – Engineering and Sciences

Semester 1	Semester 2
ENV 101 Intro to Environmental Science	ME/ 477/677 Introduction to Solar Energy Utilization
	Any one of AAE 330, 435, ABS 332, 443, CEM 480

Semester 3	Semester 4
ECG 646 Photovoltaic Devices and Systems	Choose any TWO from CHEM 122, 241, 421, 422, 431; EE 292, 320, 340, 450, 453, 495, ME 311, 314, 315, 415, 418, 419, 495, PHYS 181, 182, 461, 462
ME 412 Sizing Solar Energy Systems	

** This is the suggested plan of study to finish the minor in 2 years.
