AES 120		1	
AES 230		1	
AES 240		1	
AES 351		3	
AES 361		3	
AES 471		3	
AES 481		3	

****ELECTIVE COURSES: 12 Credits (see catalog for approved electives)**

Course	Semester	Credits	Grade

Minor Description:

A minor in Aerospace Studies (AES) is a minor in leadership. It can be paired with any accredited undergraduate degree, and it is designed to recruit, educate and develop different, daring and diverse future leaders and give them the fundamental knowledge and skills required to lead small and large teams and organizations. Early courses cover the culture and history of the Air and Space Forces before moving into team building, followership, and leadership fundamentals; later courses focus on full-spectrum leadership, ethics, large-organization management, Constitutional authority, elements of power, National Security and the National Defense Strategy. This minor is primarily geared towards Air Force Reserve Officer Training Corps (AFROTC) cadets seeking a commission as officers in the United States Air Force (USAF) or United States Space Force (USSF) (see <https://www.unlv.edu/afrotc> for more information); however, students not selected for, or not seeking a commission in the USAF or USSF may still earn an AES minor, and the knowledge, skills, and experience gained will help prepare them for future government and industry leadership and management roles.

IMPORTANT NOTES:

1. Per UNLV catalog, students are solely responsible for knowing and completing their degree requirements
2. A minimum grade of "C" is required in all minor courses. Students are expected to follow the course prerequisites outlined in the UNLV 2021-22 Undergraduate Catalog. Students in AES courses have an 80% attendance requirement. Questions regarding this policy should be directed to the ROTC leadership.
3. 2.00 or higher UNLV GPA is required for graduation
4. *Students must complete all required AES classes (16 credits). The Department Chair may waive AES 110 and AES 120 for qualified students.
5. **Students must complete at least 12 credits in any of the listed electives in the UNLV catalog, or in the Department Chair approved courses. Only cadets actively pursuing a USAF or USSF commission may take AES Leadership Laboratory (LLAB), and all LLAB's are required for commissioning. The Department Chair may waive AES 111 and 121 for qualified students.

ADVISOR NOTES:
