Notes:

- Some courses within this program are only offered in a specific semester once per year. Please be mindful of course sequencing.
- Consult with your advisor or the advising website for the most updated information about your degree plan.
- C or better is required in all physics core courses, including upper division physics electives.
- Consult your advisor for course options that satisfy the STEM requirements (Science or Engineering prefix courses).
- Students are encouraged to take 300-400 level elective courses to meet the university requirement.
- Courses completed that satisfy degree requirements cannot be counted toward total
- 2.00 or higher cumulative UNLV GPA is required for graduation.
- Consult advisor for transfer policies prior to taking courses at another institution.
- 120 total credits needed for graduation.
 - 60 credits must be earned from a 4-year school.
 - 40 credits must be upper-division (300-400 level).
 - Last 30 credits must be earned at a NSHE institution.
- Review [course catalog](#) for course/grade prerequisites and course title/description.
- Catalog expiration: August 2031
