UNLV Office of Housing & Residential Life Policies and Procedures

Alcohol

The Office of Housing & Residential Life and the University comply with all federal, state, and municipal regulations regarding the sale, possession, and consumption of alcoholic beverages. The UNLV Office Housing & Residential Life policies are intended to foster an atmosphere conducive to individual choice concerning the responsible consumption of alcohol. The misuse of alcohol, therefore, does not in any way limit the responsibility of residents for the consequences of their behavior.

In keeping with Nevada state law, only residents who are 21 years old or older may consume alcoholic beverages. Alcohol may be consumed only in the privacy of the resident’s own room or in a room of another resident who is at least 21 years old. Residents under the age of 21 may not consume alcohol nor may alcohol be brought into an “underage room” — that is, a room in which either resident is under 21 years old.

The quantity of alcohol that may be brought into a room of a legal-aged resident is a

quantity that would contribute to responsible personal use. Beer kegs, party balls, other bulk alcohol containers, and devices that are created for the rapid consumption of alcohol (“**beer bongs**”) are prohibited in the Residence Halls. Possession of more than 24 12-ounce containers of beer, 1.89 liters of distilled spirits (“**hard liquor**”), or three 750 milliliters bottles of wine in any one room constitutes a level of alcohol that promotes excessive alcohol consumption that can lead to community disruption and is therefore, not permitted.

Alcohol is not permitted in common areas, regardless of the age of the residents involved. Common areas include, but are not limited to, balconies, lounges, hallways, lobbies, elevators, and outside the buildings.

Underage residents who are found in possession of or are in the presence of alcohol or any resident who is in possession of alcohol in an underage room or in a common area will be required to immediately dispose of the alcohol. Violations of the alcohol policy will be addressed as prescribed in the Alcohol Violation Response Policy.

Alcohol Violation Response Policy

The misuse (underage drinking, drinking in unauthorized areas, etc.) and abuse of alcohol (drinking to an extent such that one’s behavior and judgment are impaired or result in disruption of others) are the primary contributing factors to behavioral problems in the Residence Halls. The effects of alcohol misuse and abuse include excessive noise, interpersonal conflicts, and vandalism. The individual who misuses or abuses alcohol not only negatively affects the community but also endangers him/herself. This policy is designed, first, to assist the resident who, through the misuse or abuse of alcohol, is violating community standards and, second, to protect the community from the effects of the resident who continues to misuse or abuse alcohol.

1. Upon initial* alcohol-related violation of community standards and the University Student Code of Conduct, the resident will be required to meet with a University Student Conduct officer within the Office of Housing & Residential Life or the Office of Student Conduct and will be assigned to complete an Alcohol Assessment On-Line Program. This program will cost the participant a minimal processing fee.
2. Upon a second* alcohol-related violation, the resident will be placed on Student Conduct Probation and required to attend the University Alcohol Awareness Intervention Workshop. This three-hour workshop is designed to assist the resident in understanding they/their alcohol use behavior and make decisions regarding more appropriate behavior.
3. Upon a third* alcohol-related violation, the resident will be referred to Counseling and Psychological Services for a drug/alcohol assessment to determine if alcohol abuse counseling or other intervention is warranted and their Conduct Probation timeline will also be extended. In addition, the resident will be required to comply with a behavioral contract designed to eliminate they/their use of alcohol within the residence hall community and to prevent him/her from being under the influence of alcohol in the Residence Hall community. The resident will pay the cost of the drug/alcohol assessment.
4. Should the resident’s prior efforts fail and another* alcohol-related violation occurs, the resident will be considered to have no control over they/their behavior. Given the pattern of community violations and the need to prevent further violations, the resident will be presented with two options:
 - a. Enter an alcohol abuse treatment program and remain in treatment until self-

- control is regained.
- b. Face Housing and Dining Hall License Contract termination.

*While this policy is structured in a step-by-step sequence to provide the resident with the opportunity to learn from they/their choices and to accept the responsibility of those choices, the Office of Student Conduct and the Office of Housing & Residential Life retain the right to respond to the resident at any level and in any manner that is appropriate, given the context of the situation.

Appliances

Fire hazards, personal injuries, and property damage can result from the use and storage of the following appliances in the Residence Halls: grills (BBQ or otherwise), stoves, unapproved microwaves, hot plates, toaster ovens, space heaters, sun lamps, halogen lamps, and electric blankets. Therefore, these items are NOT allowed in the Residence Halls. Increased bug and rodent populations, food spoilage, and odors also result from trying to cook in Residence Hall rooms that are not equipped with adequate cooking facilities. Hot air poppers, coffee pots, and other appliances that have enclosed elements and Underwriter's Laboratory approval may be used in resident rooms. Approved appliances should be plugged directly into a wall receptacle. Only approved power strips can be used. Multi-plug adapters and extension cords shall not be used. Power strips cannot be plugged into another power strip.

Behavior and Conduct

Your Contract outlines a set of behavioral conditions to adhere to during the Contract Term. As a Resident, you agree that "behavior that interferes with the quiet enjoyment of the premises by roommates, behavior that attempts to force a roommate to move out of a room, and behavior that discriminates against a current roommate or against a newly assigned occupant will be considered by the University to be sufficient grounds for reassigning the current occupants and taking disciplinary action." Furthermore, you have agreed that "occupancy of the assigned Room is limited to residents assigned to that Room, that the Room will be used only as living space, and that the space will not be loaned to or occupied by persons not assigned to that space." Should you have questions about the behavioral expectations outlined in the Contract, please contact your Residential Life Coordinator.

Bicycles and Vehicles

Bicycles and vehicles, including gas or electric powered transportation cannot be stored anywhere in the Residence Halls (except those permitted through the Americans with Disabilities Act). During building evacuation, bicycles that are stored in the building can become obstacles, inhibiting a resident's ability to leave the building quickly and safely. Bicycle racks are located outside each Residence Hall. A sturdy locking device is recommended as protection against theft. You are also encouraged to register your bike with University Police. Housing & Residential Life residents are subject to the University's parking rules.

Candles and Incense

The use and/or storage of candles or incense can result in injuries, fires, and property damage. Therefore, candles, incense, or other devices with an open flame are NOT permitted in the Residence Halls.

Consolidation

The Office of Housing & Residential Life seeks to efficiently and effectively utilize all available spaces in housing to accommodate the housing needs of all students. The purpose of the policy is to ensure spaces for incoming students and rectify the inequitable condition which exists when many students end up living alone (without roommates) in rooms traditionally designated as double rooms/suites. As such, the Office of Housing & Residential Life reserves the right to utilize the following consolidation policy, as needed:

1. After the traditional room change week each applicable semester, at semester breaks, and in emergency situations, the Office of Housing & Residential Life reserves the right to consolidate residents residing alone in multiple occupancy rooms. This means that a resident, upon notification, may be required to vacate they/their room and move into another space/room on campus. This is an effort to use each room to its capacity.
2. If at any time, a resident's roommate should move out, the remaining resident will be notified by the Office of Housing & Residential Life of their options, which may include finding a new roommate, or in some cases, opting to pay for a double-as-single room. Depending on the circumstances, residents will be given a specific amount of time to determine the option that is most fitting for their situation. Residents opting to fill their vacancy will be offered assistance by the Office of Housing & Residential Life.
3. Housing and Residential Life staff will coordinate an opportunity for residents to meet other residents who have been identified for consolidation.
4. Should you be identified for consolidation with-in a few weeks of final exam period, you will need to keep your Room sufficiently clean for the arrival of a new roommate at any time without notice.
5. Any attempt on the part of the remaining student to discourage, refuse, or intimidate a potential or newly assigned roommate is a violation of the Office of Housing & Residential Life Policies and Procedures. If the Office of Housing & Residential Life receives information that a resident is discouraging prospective roommates, the student may be subject to Student Conduct Code protocol and may be assessed the single room rate on a pro-rata basis for the remainder of the applicable semester. Should your Room not be "roommate ready" at any time, you will be assessed the cost of cleaning and repairing it to a suitable condition.
6. It is the intention of the Office of Housing & Residential Life to notify any remaining roommate of another person moving into a vacancy. However, under some circumstances (such as emergency moves or late admits) this notification may not be possible. It is best for residents residing in rooms alone to stay in close contact with the Office of Housing & Residential Life about their circumstances.
7. Residents living in a room/suite with a vacancy will receive correspondence from the Office of Housing & Residential Life describing their options. Residents required to move due to the consolidation policy will be required to move within seventy-two (72) hours of receipt of their email.
8. The Office of Housing & Residential Life will make efforts to keep residents affected by the Consolidation Policy within the same building and suite type (if available spaces exist).
9. Residents with vacancies are encouraged to seek out roommates or a new room/suite during the traditional Room Change Week period.

Controlled Substance Violation Response Policy (Drug Policy)

The storing, possessing, using, distributing, selling, bartering, manufacturing, exchanging, or giving away of controlled substances/drugs or the possession of drug paraphernalia as defined by the Nevada Revised Statutes or federal law is a violation of the Student Conduct Code. It has been well established that in locations where these activities occur, theft, assault, vandalism, and other crimes occur more frequently. The association between the presence of controlled substances/drugs and behaviors antithetical to a safe/secure living environment requires strong action to minimize the potential negative effect. Therefore, allegations of storing, possessing, using, distributing, selling, bartering, manufacturing, exchanging, or giving away controlled substances/drugs or the possession of drug paraphernalia will be thoroughly investigated according to the Student Conduct Code procedures. The student may face University disciplinary action as well as legal consequences. **The Office of Housing & Residential Life has implemented a ZERO TOLERANCE POLICY in relation to these types of offenses. Allegations that can be substantiated will result in Contract termination plus liquidated damages for the involved resident.**

UNLV Marijuana Housing Policy

Nevada State law permits the use, possession, and cultivation of marijuana. However, federal law prohibits use, possession, and/or cultivation in educational institutions and other recipients of federal funds. The use, possession, and/or cultivation of marijuana is therefore prohibited in University of Nevada, Las Vegas housing facilities on the University of Nevada, Las Vegas premises. Even if a resident, student, faculty, or staff member is permitted under Nevada State Law to use, possess, and/or cultivate marijuana, this activity cannot occur on University of Nevada, Las Vegas premises. A resident may submit a request to the Assistant Vice President for Student Life or designee to be released from the Residence and Dining Hall Contract if they require the use of marijuana for medical purposes, but not for recreational use.

Fire Alarms

Smoke detectors, fire extinguishers, alarm pull stations, and fire alarm horns are there for resident safety in case of fire. Covering or tampering with safety and emergency equipment jeopardizes everyone's safety and is strictly prohibited. Allegations of tampering with fire equipment that can be substantiated will be referred to the Nevada System of Higher Education Office of Student Conduct. In addition, the involved residents may face the Office of Housing & Residential Life action as well as legal consequences.

Furniture

Furniture in the lounges and study areas is provided for the benefit of all residents and is to remain in common areas. As outlined in your Residence and Dining Hall Contract, residents cannot move additional furniture into their rooms and/or remove any furniture from their rooms without written permission from the Office of Housing & Residential Life. Furthermore, residents agree to use common area equipment carefully and properly. Removal of lounge furniture from its original location is considered theft, and residents found in violation of this policy may be referred to the Office of Housing & Residential Life Disciplinary System as well as the University Disciplinary System. In addition, residents are responsible for common area furniture damage and costs associated with moving the furniture back to its original location.

Missing furniture may be recovered through announced room inspections.

Guests

Residents may invite guests into their Residence Hall, understanding that the host resident must escort the guest whenever they are in the Residence Hall(s) and may not charge or accept any payment or other consideration for allowing a guest access to a Residence Hall. Guests must adhere to all University rules and Residence Hall policies and procedures and the hosting resident is responsible for they/their guests' actions. It is the responsibility of the host resident to inform the guest of these rules. The host resident can be held financially responsible for the actions of the guest as well as face disciplinary action for the guest's behavior. In cases of misconduct, the guest may be removed from the Residence Hall and prohibited from returning. Roommates will determine when guests may visit the room (mediation by residential housing staff will occur if consensus cannot be reached). Overnight visitation is allowed for no more than 3 days per month for any guest (combining stays in any residents' rooms), with the approval of the roommate. No guest may stay overnight in a Residence Hall room without the host resident being present. Residents of one Residence Hall are considered guests in all other Residence Halls and therefore, must adhere to guest procedures.

Lost Keys/RebelCard

The safety of the Residence Halls is a primary concern for the Office of Housing & Residential Life staff. Access to the Residence Halls is restricted in an effort to increase resident safety. Room access cards (your RebelCard) provide access to Residence Hall rooms. A lost access card can provide a nonresident with access to a Residence Hall/building community and room if the card is not reported missing. It is very important that lost room cards be reported immediately to the Office of Housing & Residential Life so that security can be maintained. When reporting a lost card, your card's access will be revoked to ensure your Room security.

Lounge and Common Area Use

Lounges and study areas are provided for the benefit of all residents. They are available for residents to use to host friends, as a meeting space, to watch TV, to study, or to play games. Due to the potential of personal injury, property damage, and noise, corridors and lounges are not to be used for sporting events or horseplay. Because lounges cannot be locked like room doors, residents or guests may not sleep in the lounges unless it is part of an official hall-sponsored event. Alcohol and smoking (including e-cigarettes) are not permitted in common areas. Furniture may not be removed from the lounges to be relocated to a resident's room, another floor, or outside of the Residence Hall building. Unapproved banners or displays may not be hung or affixed to the outside of a University building or in interior public areas.

Pets

Safety and sanitary considerations prohibit the presence of pets in the Residence Halls. Except for fish, pets are prohibited from being inside Residence Halls. If a pet is found in a Residence Hall building, the responsible resident(s) will be asked to remove the pet within 24 hours. If the pet is not removed within the given time period, the Residential Life Coordinator may have the pet removed at the risk and expense of the resident. In addition, the responsible resident(s) will be charged for cleaning and any damages that were caused by the pet during its stay in the Residence Halls. Requests for service animals in the Residence Halls must be processed through

the Disability Resource Center.

Quiet Hours & Courtesy Hours

All residential communities will have the opportunity to establish Quiet Hours except for the pre-set Quiet Hours from 10:00 p.m. to 8:00 a.m. The "Study Intensive" community has 24-hour Quiet Hours. Residents on the Study Intensive floor cannot choose less restrictive Quiet Hours than those pre-set. Residents who are not able to abide by these expectations may be moved to a non-Study Intensive floor. During quiet hours, residents are responsible for maintaining a level of quiet such that sound, electronic or otherwise, shall not be heard outside the confines of their room. Failure to abide by listed or selected quiet hours may result in judicial action and potential removal for repeated offenses.

When quiet hours are not in effect, all of the communities have courtesy hours. During courtesy hours, residents are expected to maintain a level of quiet such that they are not disrupting others. Residents are expected to confront others if they are being disrupted; residents are also expected to respond to others' noise complaints by reducing the level of noise. RAs or the residential housing community may mediate disputes involving courtesy hours.

Weapons

The Nevada System of Higher Education Dangerous Weapon Policy states: "Dangerous weapons will not be permitted on campus without the express written approval of the Nevada System of Higher Education President or Authorized Designee. This policy shall apply to all persons on the campus of the University of Nevada, Las Vegas, except law enforcement officers in the performance of their duties." The Residence Halls are on the University campus and, therefore, dangerous weapons as defined by Nevada Revised Statutes (NRS) 202.265 are not permitted in the Residence Halls. Residents found in possession of firearms or weapons of any type (real or facsimile) will be subject to the Office of Housing & Residential Life and University disciplinary action.

2. Internet entertainment (non-academic web browsing, personal e-mail, games, IRC etc.).

To prevent damage to the printers, only the paper purchased by the Office of Housing & Residential Life may be used in the Housing & Residential Life computer lab printers. In addition, Resident understands that by being exposed to, or infected by, COVID-19, Resident could sustain serious personal injuries, illness, temporary or permanent disability, or death as a consequence of not only the University’s actions, inactions, negligence or fault, but also the actions, inactions, negligence or fault of others, or those of Resident, and that there may be other risks not known to Resident or not reasonably foreseeable at this time. Resident further understands and agrees that any injury, illness, temporary or permanent disability, or death that Resident may sustain by any means is Resident’s responsibility, except for those occurrences due to the University’s gross negligence or intentional misconduct.

ASSUMPTION OF RISK

Resident knowingly and voluntarily assumes all risks associated with living in the Residence Halls, including but not limited to, the risk of illness, death, bodily injury, temporary or permanent disability, exposure to and/or infection with COVID-19, and other risks that are unknown at this time. With full understanding of the aforementioned risks, Resident **knowingly and voluntarily** assumes all such risks, both known and unknown, even if arising from the acts of UNLV, unless they arise from gross negligence or intentional misconduct by the University and/or the Released Parties, and Resident assumes full responsibility for COVID-19 related consequences of Resident’s decision to reside in the Residence Halls.

RELEASE, WAIVER OF LIABILITY, AND INDEMNITY
