- The results of the capstone will be disseminated via publication and/or presentation at professional conferences.
- It is expected that the subject of the student’s Capstone Project will be in one of the following areas of occupational therapy practice: clinical practice skills, research skills, administration, leadership, program and policy development, advocacy, education, or theory development.

**Capstone Committee Guidelines**

The Director of the Post-Professional Occupational Therapy Doctorate Program will oversee the Capstone process for all students in the Post-Professional OTD Program. Each student will select a Faculty Mentor for their individual Capstone Project. The OTD Graduate Coordinator will approve each student’s Capstone Project. Each student will select a topic for their Capstone Project from one of the following areas: clinical practice skills. **Degree Program Benchmarks**

Students will complete all coursework prior to beginning the Capstone Project in their fifth semester of the program. During the Capstone I course, students will establish their topic and identify members of their Capstone Committee. The student will schedule a meeting to present their Capstone Proposal to his/her Capstone Committee. During the Capstone II course, students will carry out their Capstone Project. Students will schedule an oral defense of their Capstone Final Project with his/her Capstone Committee.

**Program Timeline**

Students will take two three-credit courses each semester (Summer, Fall, and Spring) over the course of two years.

**Professional Code of Ethics/Discipline Guidelines**

UNLV Graduate College policy regarding academic integrity can be found in the Graduate Catalog.

**Annual Mandatory Individual Development Plan**

Each winter break and early spring term, graduate students are required to complete the Graduate Student Individual Development Plan (IDP) form [Formerly known as the Student Annual Review]. The review covers the prior calendar year and assesses student progress, and it establishes reasonable goals for the year ahead.

Faculty Advisors/Graduate Coordinators have the option to provide feedback to each students’ submitted IDP and provide acknowledgement that they have reviewed the IDP.

Reported student data is shared with students’ graduate coordinators and advisors to foster opportunities for discussion about students’ strengths and weaknesses, accomplishments and next requirements, and mentoring plans so that students know what they need to do in order to progress successfully through their programs in a timely manner.

Students who are graduating are also required to complete the form in order to record their achievements since the data is also used to track UNLV metrics related to the annual productivity of all students.

**Probation**

If a student fails to successfully progress in their degree program, their department/school will recommend that the student be placed on probation by the Graduate College. Students on probation may be dismissed/separated from their program for failing to successfully meet the conditions of their probation by the deadline provided. Please see the Probation and Separation section of the Graduate Catalog for more information.
