AVP GREETING

Dear FM Family,

Happy New Fiscal Year's Eve! Just like we celebrate the new year on January 1st every year, July 1st also marks the beginning of our new fiscal (or financial) year.

In the Diversity Corner, earlier this month, we celebrated Juneteenth as a state holiday for the first time. I appreciate that my colleagues, your unit leaders, made an effort to discuss the meaning of Juneteenth at your meetings. As I continue

my research and work on championing antiracism, I see the value in advancing our collective learning and increasing awareness through such discussions.

We also marked Pride Month this June (and will do so again in October) to celebrate our LGBTQIA+ community and our allies. I added a picture (photo credit to Michael Bailey) with Angel Chacon, HVAC

AVP GREETING CONT'D

Supervisor IV over the Building Automation Systems Shop. Angel is pointing to a Pride pin that he brought back for me from their recent trip to Orlando, FL to attend the Honeywell User Group Conference, joined by Assistant Director Don Johnson and Cory Martin, HVACR Specialist 2 in the BAS shop.

In the area of sustainability, we continue to work on our Rebel CAP climate action plan with our consultants from Brailsford & Dunlavey. We have over 300 responses so far on our survey, but we would like to get to 400. Thank you to everyone who has responded and if you haven't yet, there is still time. Please [follow this link](#) to take the 0-30 minute survey or scan the QR code on the Sustainability page.

Once again, we have come to that time of the year where we will see temperatures that are consistently in the triple digits. Please continue to listen to our colleagues in Risk Management and Safety (RMS) and follow their guidance on ways to stay healthy, safe, and cool. Please look out for one another and take breaks if you are working outside for an extended period.

In Community,
Musa
