**Student Advising**
Upon admission to the Early Childhood Education Program, each student will be assigned a Faculty Advisor to formulate a program of study compatible with the program to which the student has been admitted. Students will be notified who their advisor is by Rebelmail. Regular meetings with your Faculty Advisor will help ensure your progress and successful program completion. It is the student’s responsibility to email their advisor to set up (and keep) these regular meeting times.

When in doubt about any issues or concerns about your Program of Study or progress towards your

In addition, students are responsible for ensuring that they have met any and all prerequisite requirements for all courses in which they attempt to enroll.

Degree Audit
Degree Audit is the system that will track your progress through your program. This is available in MyUNLV.

Early Childhood Education Program Academic Policies
Students making two or more grades of B or lower will be placed on academic probation. Students on probation earning a third B will be separated from the graduate program. In order to earn the degree, students must have a cumulative GPA of 3.0 or better.

Application for Student Teaching ECE-781 (8 credits)
Applications for Practicum and Internship must be filed by the appropriate deadline in the semester before the semester in which the experience will occur. Students will not be permitted to participate in ECE-781 unless an application is on file with all the necessary departmental and faculty approvals. Students are required to consult with their Faculty Advisor regarding these applications in order to ensure that all prerequisites have been met prior to participation in these experiences. Applications may be obtained from the field experiences section of the department webpage.

Students will teach full time, (40 hours weekly) for one full semester. Students will be assigned a supervising teacher in a public-school setting and a supervising professor from the university. Each student will be given a handbook outlining responsibilities and criteria for successful performance. Along with participating in ECE-781, students will also have to enroll in a 2-credit hour seminar (ECE-492).

Annual Review Procedures
Each winter break and early spring term, graduate students are required to complete the Graduate Student Individual Development Plan (IDP) form. The review covers the prior calendar year and assesses student progress, and it establishes reasonable goals for the year ahead. Reported student data is shared with students’ graduate coordinators and advisors to foster opportunities for discussion about students’ strengths and weaknesses, accomplishments and next requirements, and mentoring plans so that students know what they need to do in order to progress successfully through their programs in a timely manner. Students who are graduating are also required to complete the form in order to record their achievements since the data is also used to track metrics related to the annual productivity of all students. This survey will be sent by the Graduate College to the student’s Rebelmail account. The review covers the prior calendar year and assesses student progress while setting goals for the year ahead.

Probation
If a student fails to successfully progress in their degree program, their department/school will recommend that the student be placed on probation by the Graduate College. Students on probation may be dismissed/separated from their program for failing to successfully meet the conditions of their probation by the deadline provided. Please see the Probation and Separation section of the Graduate Catalog for more information.
