

Student Recreation and Wellness Center
AMPLIFIED SOUND POLICY

The primary focus of UNLV is teaching and learning. Amplified sound can be a source of interference with these core activities. Individuals or organizations wishing to use amplified sound are obligated to prevent that sound from interfering with the teaching and learning process. The following procedures are designed to ensure that teaching and learning are not negatively affected by amplified sound. This policy is in addition to the applicable policies outlined in the Student Recreation and Wellness Center (SRWC) General Reservation Policy and UNLV Guidelines for Scheduling University Facilities. Additional policies may apply per the specifics of the event.

1. Volume [Sound Pressure Level (SPL)] must be set so that the amplified sound does not interfere with the teaching and learning aspects of the University.
2. On-going monitoring of the immediate environment of each facility surrounding the event may be conducted to guarantee that the SPL is maintained.
3. Further reduction of the SPL or the termination of amplified sound will be required if persistent complaints about sound are received. SRWC reserves the right to determine and/or change any event's SPL at any time.
4. SRWC reserves the right to require content of amplified sound be appropriate for the given time, space, and manner. Events receiving complaints may be asked to change their content offerings.
5. SRWC is not responsible for operating, troubleshooting, or servicing client-owned A/V equipment.
6. Only one (1) scheduled event on neighboring outdoor spaces may have amplified sound during the same time frame.
7. SRWC reserves the right to cancel/modify reserved A/V items at any time (i.e., weather, reduction/loss of equipment, etc.).
8. DJs, Live Bands, and Live Performances are only permitted on the locations listed below*:
 - i. SRWC Lawn
 - ii. SRWC Intramural Fields
 - iii. SRWC Interior Locations on a case-by-case basis

*Requests for exceptions shall be submitted in writing to the SRWC Assistant Director-Facilities & Operations a minimum of 20 business days in advance; decisions will be made on a case-by-case basis.

Failure to Adhere to Procedure

If complaints are received indicating disruptions of teaching/learning functions or tasks in support of these functions, the event may be shut-down and future requests by the individual or organization to use amplified sound may be denied for a minimum of one (1) semester.

I/We understand my/our obligation as explained above and agree to comply:

Name of Organization _____

Reservation # _____ Event Name _____
