Resident and, if applicable, Resident’s parent or legal guardian, represents and agrees that their electronic signature constitutes their signature on this Contract as if actually signed in ink.

Please read all sections of this Contract carefully prior to electronically signing and submitting this Contract which includes the below Terms and Conditions (the “**Terms and Conditions**”), the UNLV Office of Housing & Residential Life Policies and Procedures (“**Policies and Procedures**”), and the Office of Housing & Residential Life Network and Computer Lab Policies (“**Housing Technology Policy**”).

Terms and Conditions

Resident and University agree to adhere to the Terms and Conditions set forth herein.

1. Contract Execution

A. Provided Resident meets all eligibility requirements specified in Section 3 below, and subject to space availability, this Contract is duly executed when:

i. The “**Housing Application**”

(<https://www.unlv.edu/housing/apply/applying-for-residence-hall-housing>) is properly submitted; and

ii. Resident, and, if applicable Resident’s parent or guardian, electronically signs the Contract; and

B. Resident has 72 hours from the time the Room assignment is emailed to them to fill out the Contract Release Form (<https://www.unlv.edu/housing/resources>) and submit it to cancel their Contract without penalty, except for the Housing Application Fee, which is nonrefundable.

C. The University shall assign each Resident’s Room, in its discretion, based on numerous factors, including but not limited to availability, date that the Housing Application and Housing Application Fee are received, and Resident’s participation in specific residential programs. **Acceptance and processing of this Contract by the University does not constitute approval of academic admission to the University.**

D. By electronically signing this Contract, Resident certifies that all information in the Housing Application is truthful, accurate, and complete. Resident hereby confirms that Resident is not a convicted and/or registered sexual offender and covenants that Resident will not permit access to the Residence Halls by any convicted and/or registered sexual offender. To the maximum extent permitted by law, University reserves the right, at its sole discretion, to determine if any past or present behavior, conduct, or activity of Resident is such that the interest of University, Resident, and/or other students would be best served by denying the Housing Application, not assigning Resident to a Room, and/or terminating the Contract.

2. Contract Nontransferable

This Contract is Resident’s personal, non-transferable license to occupy and use the Room. Resident may not lease, sublease, license, sublicense, assign, delegate, or otherwise grant any rights under this Contract to any other party.

For the purposes of this Contract, "good standing" means that Resident does not have any outstanding fees or acts of academic or behavioral misconduct and has complied or is complying with any and all sanctions imposed by the University.

Except as otherwise expressly communicated to Resident by the University in writing (email acceptable), Resident must provide proof of the Neisseria Meningitidis (meningitis) vaccine and all other applicable vaccines/immunizations directly to the Office of the Registrar. NSHE has implemented a zero-tolerance policy in relation to these types of offenses. Allegations that can be substantiated will result in Contract termination.

D. Resident agrees to conduct themselves in such a manner as to allow others the quiet enjoyment of the Residence Halls and Dining Commons. To ensure the quiet enjoyment of the Residence Halls, Resident agrees to abide by established quiet hours and courtesy hours, which may vary from floor to floor and Residence Hall building to building. During quiet hours, within reason, noise is restricted to Resident's Room such that Resident agrees that noise from conversation, electronic devices, musical instruments, and the like, will not be heard outside of the Room. Residents on Study Intensive floor(s) agree to a 24-hour quiet hour policy. Resident agrees to avoid causing excessive noise and/or disruptive behavior and understands that they may be required to remove stereos or musical instruments from the Room if the use of such equipment is causing a disturbance.

Harassing any person because of race, ethnicity, religion, gender identity or expression, sexual orientation, age, creed, national origin, disability, veteran status, or on any other basis will not be tolerated. Violations of this policy may result in disciplinary action as outlined in the Student Conduct Code.

K. Residents are responsible for choices they make. In the presence of a policy violation, Resident may attempt to stop the violation, contact residential staff, and/or immediately remove themselves from the situation and the vicinity of the violation. If Resident chooses to remain at the scene of a policy violation, Resident will be included on the incident report and may also be held accountable for a policy violation.

If Resident fails to vacate within the timeline provided, the University may take possession of the assigned Room.B. Resident must check-out of their Room by turning in an Express Check Out Form to the designated location(s) or by completing a check out authorization form with an RA. Failure to follow this process correctly will result in an improper check-out fee of \$100.00 in addition to applicable cleaning and damage charges.

C. If Resident's personal property remains in the Room or anywhere else within the Residence Hall after the deadline to vacate has expired, then Resident will be charged for removal of any property and daily storage fees of \$50 per day. 26. Controlling Law

Resident agrees that this Contract is to be construed under the laws of the State of Nevada (excluding any laws or principals regarding the conflict or choice of laws), including the provisions of Nevada Revised Statutes Chapter 41. Any and all disputes arising out of or in connection with this Contract shall be litigated in a court of competent jurisdiction in Clark County, Nevada, and Resident expressly consents to the jurisdiction of said court.

27. Force Majeure

Neither University nor Resident shall be considered in default in the performance of its obligations under the Contract if such performance is prevented or delayed by "Force Majeure." Force Majeure shall be understood to be any cause which is beyond the reasonable control of the party affected and which is forthwith, by notice from the party affected, brought to the attention of the other party, including but not limited to, war, hostilities, revolution, civil commotion, strike, lockout, epidemic, pandemic, accident, fire, wind or flood or because of any law, order, proclamation, ruling, regulation, directive or ordinance or any government or subdivision of government, or because of any act of God. In the event that the University is unable to provide Resident housing because of Force Majeure, Resident would be responsible for Resident's costs of moving all personal items (and/or storing, as applicable) out of the Residence Halls and making needed travel arrangements, just as a Resident would do at the normal expiration of the Contract Term.

UNLV Office of Housing & Residential Life Policies and Procedures

Alcohol

The Office of Housing & Residential Life and the University comply with all federal, state, and municipal regulations regarding the sale, possession, and consumption of alcoholic beverages. The UNLV Office Housing & Residential Life policies are intended to foster an atmosphere conducive to individual choice concerning the responsible consumption of alcohol. The misuse of alcohol, therefore, does not in any way limit the responsibility of residents for the consequences of their behavior.

In keeping with Nevada state law, only residents who are 21 years old or older may consume alcoholic beverages. Alcohol may be consumed only in the privacy of the resident's own room or in a room of another resident who is at least 21 years old. Residents under the age of 21 may not consume alcohol nor may alcohol be brought into an "underage room" — that is, a room in which either resident is under 21 years old.

The quantity of alcohol that may be brought into a room of a legal-aged resident is a quantity that would contribute to responsible personal use. Beer kegs, party balls, other bulk alcohol containers, and devices that are created for the rapid consumption of alcohol ("beer bongs") are prohibited in the Residence Halls. Possession of more than 24 12-ounce containers of beer, 1.89 liters of distilled spirits ("hard liquor"), or three 750 milliliters bottles of wine in any one room constitutes a level of alcohol that promotes excessive alcohol consumption that can lead to community disruption and is therefore, not permitted.

Alcohol is not permitted in common areas, regardless of the age of the residents involved. Common areas include, but are not limited to, balconies, lounges, hallways, lobbies, elevators, and outside the buildings.

Underage residents who are found in possession of or are in the presence of alcohol or any resident who is in possession of alcohol in an underage room or in a common area will be required to immediately dispose of the alcohol. Violations of the alcohol policy will be addressed as prescribed in the Alcohol Violation Response Policy.

Alcohol Violation Response Policy

The misuse (underage drinking, drinking in unauthorized areas, etc.) and abuse of alcohol (drinking to an extent such that one's behavior and judgment are impaired or result in disruption of others) are the primary contributing factors to behavioral problems in the Residence Halls.

The effects of alcohol misuse and abuse include excessive noise, interpersonal conflicts, and vandalism. The individual who misuses or abuses alcohol not only negatively affects the community but also endangers themselves. This policy is designed, first, to assist the resident who, through the misuse or abuse of alcohol, is violating community standards and, second, to protect the community from the effects of the resident who continues to misuse or abuse alcohol.

1. Upon initial* alcohol-related violation of community standards and the University Student Code of Conduct, the resident will be required to meet with a University Student Rights and Responsibilities officer within the Office of Housing & Residential Life or the Office of Student Rights and Responsibilities and will be assigned to complete an Alcohol Assessment On-Line Program. This program will cost the participant a minimal processing fee.
2. Upon a second* alcohol-related violation, the resident will be placed on Student Conduct Probation and required to attend the University Alcohol Awareness Intervention Workshop. This three-hour workshop is designed to assist the resident in understanding their alcohol use behavior and make decisions regarding more appropriate behavior.
3. Upon a third* alcohol-related violation, the resident will be referred to Counseling and Psychological Services for a drug/alcohol assessment to determine if alcohol abuse counseling or other intervention is warranted and their Conduct Probation timeline will also be extended. In addition, the resident will be required to comply with a behavioral contract designed to eliminate their use of alcohol within the Residence Hall community and to prevent them from being under the influence of alcohol in the Residence Hall community. The resident will pay the cost of the drug/alcohol assessment.
4. Should the resident's prior efforts fail and another* alcohol-related violation occurs, the resident will be considered to have no control over their behavior. Given the pattern of community violations and the need to prevent further violations, the resident will be presented with two options:
 - a. Enter an alcohol abuse treatment program and remain in treatment until self-control is regained.
 - b. Face Housing and Dining Hall License Contract termination.

*While this policy is structured in a step-by-step sequence to provide the resident with the opportunity to learn from their choices and to accept the responsibility of those choices, the Office of Student Rights and Responsibilities and the Office of Housing & Residential Life retain the right to respond to the resident at any level and in any manner that is appropriate, given the context of the situation.

Appliances

Fire hazards, personal injuries, and property damage can result from the use and storage of the following appliances in the Residence Halls: grills (BBQ or otherwise), stoves, unapproved microwaves, hot plates, toaster ovens, space heaters, sun lamps, halogen lamps, and electric blankets. Therefore, these items are NOT allowed in the Residence Halls. Increased bug and rodent populations, food spoilage, and odors also result from trying to cook in Residence Hall rooms that are not equipped with adequate cooking facilities. Hot air poppers, coffee pots, and other appliances that have enclosed elements and Underwriter's Laboratory approval may be used in resident rooms. Approved appliances should be plugged directly into a wall receptacle. Only approved power strips can be used. Multi-plug adapters and extension cords shall not be used. Power strips cannot be plugged into another power strip.

Behavior and Conduct

Your Contract outlines a set of behavioral conditions to adhere to during the Contract Term. As a Resident, you agree that “behavior that interferes with the quiet enjoyment of the premises by roommates, behavior that attempts to force a roommate to move out of a room, and behavior that discriminates against a current roommate or against a newly assigned occupant will be considered by the University to be sufficient grounds for reassigning the current occupants and taking disciplinary action.” Furthermore, you have agreed that “occupancy of the assigned Room is limited to residents assigned to that Room, that the Room will be used only as living space, and that the space will not be loaned to or occupied by persons not assigned to that space.” Should you have questions about the behavioral expectations outlined in the Contract, please contact your Residential Life Coordinator.

Bicycles and Vehicles

Bicycles and vehicles, including gas or electric powered transportation cannot be stored anywhere in the Residence Halls (except those permitted through the Americans with Disabilities Act). During building evacuation, bicycles that are stored in the building can become obstacles, inhibiting a resident’s ability to leave the building quickly and safely. Bicycle racks are located outside each Residence Hall. A sturdy locking device is recommended as protection against theft. You are also encouraged to register your bike with University Police. Housing & Residential Life residents are subject to the University’s parking rules.

Candles and Incense

The use and/or storage of candles or incense can result in injuries, fires, and property damage. Therefore, candles, incense, or other devices with an open flame are **NOT** permitted in the Residence Halls.

Consolidation

The Office of Housing & Residential Life seeks to efficiently and effectively utilize all available spaces in housing to accommodate the housing needs of all students. The purpose of the policy is to ensure spaces for incoming students and rectify the inequitable condition which exists when many students end up living alone (without roommates) in rooms traditionally designated as double rooms/suites. As such, the Office of Housing & Residential Life reserves the right to utilize the following consolidation policy, as needed:

1. After the traditional room change week each applicable semester, at semester breaks, and in emergency situations, the Office of Housing & Residential Life reserves the right to consolidate residents residing alone in multiple occupancy rooms. This means that a resident, upon notification, may be required to vacate their room and move into another space/room on campus. This is an effort to use each room to its capacity.
2. If at any time, a resident's roommate should move out, the remaining resident will be notified by the Office of Housing & Residential Life of their options, which may include finding a new roommate, or in some cases, opting to pay for a double-as-single room. Depending on the circumstances, residents will be given a specific amount of time to determine the option that is most fitting for their situation. Residents opting to fill their vacancy will be offered assistance by the Office of Housing & Residential Life.

3. Housing & Residential Life staff will coordinate an opportunity for residents to meet other residents who have been identified for consolidation.
4. Should you be identified for consolidation with-in a few weeks of final exam period, you will need to keep your Room sufficiently clean for the arrival of a new roommate at any time without notice.
5. Any attempt on the part of the remaining student to discourage, refuse, or intimidate a potential or newly assigned roommate is a violation of the Office of Housing & Residential Life Policies and Procedures. If the Office of Housing & Residential Life receives information that a resident is discouraging prospective roommates, the resident may be subject to Student Conduct Code protocol and may be assessed the single room rate on a pro-rata basis for the remainder of the applicable semester. Should your Room not be “roommate ready” at any time, you will be assessed the cost of cleaning and repairing it to a suitable condition.
6. It is the intention of the Office of Housing & Residential Life to notify any remaining roommate of another person moving into a vacancy. However, under some circumstances (such as emergency moves or late admits) this notification may not be possible. It is best for residents residing in rooms alone to stay in close contact with the Office of Housing & Residential Life about their circumstances.
7. Residents living in a room/suite with a vacancy will receive correspondence from the Office of Housing & Residential Life describing their options. Residents required to move due to the consolidation policy will be required to move within seventy-two (72) hours of receipt of their email.
8. The Office of Housing & Residential Life will make efforts to keep residents affected by the Consolidation Policy within the same building and suite type (if available spaces exist).
9. Residents with vacancies are encouraged to seek out roommates or a new room/suite during the traditional Room Change Week period.

Text Messages

You acknowledge that your choice as to whether to receive notices or not from the Office of Housing & Residential Life via text messages is as you indicated on your Housing Application, unless you choose to unsubscribe.

Controlled Substance Violation Response Policy (Drug Policy)

The storing, possessing, using, distributing, selling, bartering, manufacturing, exchanging, or giving away of controlled substances/drugs or the possession of drug paraphernalia as defined by the Nevada Revised Statutes or by federal law is a violation of the Student Conduct Code. It has been well established that in locations where these activities occur, theft, assault, vandalism, and other crimes occur more frequently. The association between the presence of controlled substances/drugs and behaviors antithetical to a safe/secure living environment requires strong action to minimize the potential negative effect. Therefore, allegations of storing, possessing, using, distributing, selling, bartering, manufacturing, exchanging, or giving away controlled substances/drugs or the possession of drug paraphernalia will be thoroughly investigated according to the Student Conduct Code procedures. The student may face University disciplinary action as well as legal consequences. **The Office of Housing & Residential Life has implemented a ZERO TOLERANCE POLICY in relation to these types of offenses. Allegations that can be substantiated will result in Contract termination.**

UNLV Marijuana Housing Policy

Nevada State law permits the use, possession, and cultivation of marijuana. However, federal law prohibits use, possession, and/or cultivation in educational institutions and other recipients of federal funds. The use, possession, and/or cultivation of marijuana is therefore prohibited in University of Nevada, Las Vegas housing facilities/Residence Halls on the University of Nevada, Las Vegas premises. Even if a resident, student, faculty, or staff member is permitted under Nevada State Law to use, possess, and/or cultivate marijuana, this activity cannot occur on University of Nevada, Las Vegas premises. A resident may submit a request to the Associated Vice President for Student Life or Director of Housing & Residential Life or designee to be released from their Residence and Dining Hall License Contract if they require the use of marijuana for medical purposes, but not for recreational use.

Fire Alarms

Smoke detectors, fire extinguishers, alarm pull stations, and fire alarm horns are there for resident safety in case of fire. Covering or tampering with safety and emergency equipment jeopardizes everyone's safety and is strictly prohibited. Allegations of tampering with fire equipment that can be substantiated will be referred to the Nevada System of Higher Education Office of Student Rights and Responsibilities. In addition, the involved residents may face the Office of Housing & Residential Life action as well as legal consequences.

Furniture

Furniture in the lounges and study areas is provided for the benefit of all residents and is to remain in common areas. As outlined in this Contract, residents cannot move additional furniture into their rooms and/or remove any furniture from their rooms without written permission from the Office of Housing & Residential Life. Furthermore, residents agree to use common area equipment carefully and properly. Removal of lounge furniture from its original location is considered theft, and residents found in violation of this policy may be referred to the Office of Housing & Residential Life Disciplinary System as well as the University Disciplinary System. In addition, residents are responsible for common area furniture damage and costs associated with moving the furniture back to its original location. Missing furniture may be recovered through announced room inspections.

Guests

Residents may invite guests into their Residence Hall, understanding that the host resident must escort the guest whenever they are in the Residence Hall(s) and may not charge or accept any payment or other consideration for allowing a guest access to a Residence Hall. Guests must adhere to all University rules and Residence Hall policies and procedures and the hosting resident is responsible for their guests' actions. Guests must be registered by their hosting resident via the electronic housing system. It is the responsibility of the host resident to inform the guest of these rules. The host resident can be held financially responsible for the actions of the guest as well as face disciplinary action for the guest's behavior. In cases of misconduct, the guest may be removed from the Residence Hall and prohibited from returning. Roommates will determine when guests may visit the room (mediation by residential housing staff will occur if consensus cannot be reached). Overnight visitation is allowed for no more than 3 days per month for any guest (combining stays in any residents' rooms), with the approval of the roommate. No guest may stay overnight in a Residence Hall room without the host resident being present.

Residents of one Residence Hall are considered guests in all other Residence Halls and therefore, must adhere to guest procedures.

Lost Keys/RebelCard

The safety of the Residence Halls is a primary concern for the Office of Housing & Residential Life staff. Access to the Residence Halls is restricted in an effort to increase resident safety. Room access cards (your RebelCard) provide access to Residence Hall rooms. A lost access card can provide a nonresident with access to a Residence Hall/building community and room if the card is not reported missing. It is very important that lost room cards be reported immediately to the Office of Housing & Residential Life so that security can be maintained. When reporting a lost card, your card's access will be revoked to ensure your Room security.

Lounge and Common Area Use

Lounges and study areas are provided for the benefit of all residents. They are available for residents to use to host friends, as a meeting space, to watch TV, to study, or to play games. Due to the potential of personal injury, property damage, and noise, corridors and lounges are not to be used for sporting events or horseplay. Residents or guests may not sleep in the lounges, unless it is part of an official hall-sponsored event. Alcohol and smoking (including e-cigarettes) are not permitted in common areas. Furniture may not be removed from the lounges to be relocated to a resident's room, another floor, or outside of the Residence Hall building. Unapproved banners or displays may not be hung or affixed to the outside of a University building or in interior public areas.

Pets

Safety and sanitary considerations prohibit the presence of pets in the Residence Halls. Except for fish, pets are prohibited from being inside Residence Halls. If a pet is found in a Residence Hall building, the responsible resident(s) will be asked to remove the pet within 24 hours. If the pet is not removed within the given time period, the Residential Life Coordinator may have the pet removed at the risk and expense of the resident. In addition, the responsible resident(s) will be charged for cleaning and any damages that were caused by the pet during its stay in the Residence Halls. Requests for service animals or emotional support animals in the Residence Halls must be processed through the Disability Resource Center.

Quiet Hours & Courtesy Hours

All residential communities will have the opportunity to establish Quiet Hours except for the pre-set Quiet Hours from 10:00 p.m. to 8:00 a.m. The "Study Intensive" community has 24-hour Quiet Hours. Residents on the Study Intensive floor cannot choose less restrictive Quiet Hours than those pre-set. Residents who are not able to abide by these expectations may be moved to a non-Study Intensive floor. During quiet hours, residents are responsible for maintaining a level of quiet such that sound, electronic or otherwise, shall not be heard outside the confines of their room. Failure to abide by listed or selected quiet hours may result in disciplinary action and potential removal for repeated offenses.

When quiet hours are not in effect, all of the communities have courtesy hours. During courtesy hours, residents are expected to maintain a level of quiet such that they are not disrupting others. Residents are expected to confront others if they are being disrupted; residents are also expected

to respond to others' noise complaints by reducing the level of noise. RAs or the residential housing community may mediate disputes involving courtesy hours.

Weapons

The Nevada System of Higher Education Dangerous Weapon Policy states: "Dangerous weapons will not be permitted on campus without the express written approval of the Nevada System of Higher Education President or Authorized Designee. This policy shall apply to all persons on the campus of the University of Nevada, Las Vegas, except law enforcement officers in the performance of their duties." The Residence Halls are on the University campus and, therefore, dangerous weapons as defined by NRS 202.265 are not permitted in the Residence Halls. Residents found in possession of firearms or weapons of any type (real or facsimile) will be subject to the Office of Housing & Residential Life and University disciplinary action.

2. Housing & Residential Life network connections, lab, and equipment are for academic use only. Any other use, commercial or otherwise, is prohibited.

Nevada System of Higher Education Copyright Policy Annual Disclosure

Nevada System of Higher Education respects the rights of copyright holders and seeks to discourage and prevent copyright infringement on campus. We want you to be aware of the laws and policies concerning the illegal downloading and sharing of copyrighted material.

All users of the Nevada System of Higher Education network, including computer labs and wireless network users, are required to abide by and comply with all state and federal laws and Nevada System of Higher Education policies governing copyrights and trademarks.

What is Copyright Infringement?

From the U.S. Department of Education:

Copyright infringement is the act of exercising, without permission or legal authority, one or more of the exclusive rights granted to the copyright owner under section 106 of the Copyright Act (Title 17 of the United States Code). These rights include the right to reproduce or distribute a copyrighted work. In the file-sharing context, downloading or uploading substantial parts of a copyrighted work without authority constitutes an infringement. Copyrighted materials can include, but are not limited to, text, graphics, music, movies, presentation and photographs.

When you share or download files using peer-to-peer (“P2P”) file sharing software you leave behind a digital fingerprint that can be easily traced back to you and the Nevada System of Higher Education Copyright holders regularly monitor traffic from file sharing software and send notices to networks found to be violating copyright law. Under the Digital Millennium Copyright

Act (“DCMA”), network owners such as Nevada System of Higher Education are required to respond to these notices.

Civil and Criminal Penalties

From the U.S. Department of Education:

Penalties for copyright infringement include civil and criminal penalties. In general, anyone found liable for civil copyright infringement may incur either actual damages or “statutory” damages affixed at not less than \$750 and not more than \$30,000 per work infringed. For “willful” infringement, a court may award up to \$150,000 per work infringed. A court can include other costs and attorneys’ fees. For details, see Title 17, United States Code, Sections 504, 505. Willful copyright infringement can also result in criminal penalties, including imprisonment of up to five years and fines of up to \$250,000 per offense.

Penalties at Nevada System of Higher Education

In addition to the civil and criminal penalties, we would like to remind you that Nevada System of Higher Education policies forbid the sharing or distributing of copyrighted material without the consent of the author. Failure to comply with these policies may result in restriction or loss of University network access and/or disciplinary action through the Office of Student Rights and Responsibilities.
