Advising Director's Note: Become familiar with business policy.

College Requirements: College policy that 50% of business and major classes must come from UNLV. *Upper division classes do not transfer unless they come from an **AACSB** (Association to Advance Collegiate Schools of Business) accredited institution.*

Program Specific Information: Business requirements: *must complete with a C or above before applying to the Business program along with meeting 2.75 GPA requirement. The completion of Microsoft Office certificates may fulfill the Computer Proficiency requirement for UNLV BSBA majors.

The maximum number of attempts to earn a minimum C grade for each business course is three. The three-attempt policy includes attempts taken at other institutions. Audits and withdrawals are not considered attempts (except in the case of upper-division ACC courses). Failure to earn the minimum required grade within three attempts may make the student ineligible for a particular business major/minor, or for any business degree in the Lee Business School, or for a subsequent business course.

Transfer Policies:
REVISED 50/50 RULE

- The policy stating that UNLV will only accept up to 60 credits to be transferred and applied to any specific program/major is no longer in place. Unless a college/major has a specific requirement on credit limitations i.e., Lee Business School, College of Education, transfer credits from 2-year institutions should no longer be limited to 60 credits. At least 30 credits of upper division from UNLV are now required to obtain a Bachelor's.

REPEAT POLICY

- Students may retake a CSN course as often as needed to gain a better grade and, thereby, a higher grade point average. Only the highest grade received will count as part of the total CSN grade point average. All repeated courses taken at CSN will remain as part of a student's permanent academic record.
  *PLEASE NOTE: While CSN accepts the BEST grade, UNLV typically accepts the LAST grade.
- To improve GPA and change the original grade the course must be repeated at the institution that it was completed. For example, if a student takes MATH 124 at CSN and receives an F the course must be repeated at CSN to replace the grade and improve the GPA.

REVERSE TRANSFER

- Students who have earned 15 or more credits at CSN and have transferred to a four-year institution without an associate's degree may "reverse transfer" the earned credits from the four-year institution to complete an associate's degree. This process makes it possible for students to earn an associate's degree as they continue to work toward completing their bachelor's degree.

NOTE: Some courses that fulfill specific general education requirements at CSN may fulfill different general education requirements at UNLV. Please see a UNLV/CSN Transfer Program Advisor to confirm your choices.
