Director's Note: Because of the specialized, PGA-accredited requirements, only 56 credits from CSN may be applied toward the degree. The curriculum integrates the Bachelor of Science in Hospitality Management with the PGA of America's Professional Golf Management program. Students should complete general education and hospitality core courses at CSN, transfer to UNLV for the specialized PGA coursework, and then use the reverse transfer process to earn an associate degree from CSN while completing their bachelor's degree at UNLV.

PGA Golf Management Concentration Admission Requirements

Admission to the PGA Golf Management concentration is a separate process from admission to UNLV and the Harrah College of Hospitality. Applicants must demonstrate golf proficiency by providing verification of a USGA handicap of 12 or lower (or equivalent documentation from a PGA professional or high school golf coach) or by successfully passing the PGA Playing Ability Test (PAT). Applicants must also submit all required PGA Golf Management application materials for review.

Because enrollment in the program is limited, applicants are encouraged to apply as early as possible. Transfer applicants are reviewed on a case-by-case basis and must meet all PGA Golf Management admission requirements.

Transfer Policies:

REVISED 50/50 RULE

- The policy stating that UNLV will only accept up to 60 credits to be transferred and applied to any specific program/major is no longer in place. Unless a college/major has a specific requirement on credit limitations i.e., Lee Business School, College of Education, transfer credits from 2-year institutions should no longer be limited to 60 credits. At least 30 credits of upper division from UNLV are now required to obtain a Bachelor's.

REPEAT POLICY

- Students may retake a CSN course as often as needed to gain a better grade and, thereby, a higher grade point average. Only the highest grade received will count as part of the total CSN grade point average. All repeated courses taken at CSN will remain as part of a student's permanent academic record.

*PLEASE NOTE: While CSN accepts the BEST grade, UNLV accepts the LAST grade.

- To improve GPA and change the original grade the course must be repeated at the institution that it was completed. For example, if a student takes MATH 124 at CSN and receives an F the course must be repeated at CSN to replace the grade and improve the GPA.

REVERSE TRANSFER

- Students who have earned 15 or more credits at CSN and have transferred to a four-year institution without an associate's degree may "reverse transfer" the earned credits from the four-year institution to complete an associate's degree. This process makes it possible for students to earn an associate's degree as they continue to work toward completing their bachelor's degree.

NOTE: Some courses that fulfill specific general education requirements at CSN may fulfill different general education requirements at UNLV. Please see a UNLV/CSN Transfer Program Advisor to confirm your choices.
