Program Requirements

Official program requirements regarding [admission, coursework and culminating experience](#) are found in the [graduate catalog](#).

Degree Program Benchmarks

The culminating experience course is usually completed in the final semester and is a 16-week course that runs the entire Fall or Spring semester. Students who wish to complete the course prior to the final semester must seek approval from the Faculty Program Director. However, it is not advisable to complete the culminating course prior to completing all other program courses. To register for either MHA 787 or MHA 788, students must complete and submit the Professional Paper Course Registration Form to the [Hospitality Office of Graduate Programs](#).

Students will want to complete this form prior to semester they need to enroll in the course.

Students in the Gaming Management track are required to complete the Professional Paper option. Students in the Hospitality Management track may choose to do either a Professional Paper or the Entrepreneurship course as a culminating experience.

Entrepreneurship Class Option

MHA 787, Entrepreneurship, requires students to develop a business plan with all information required to assess the viability of a hospitality enterprise. If this course is not offered during a student's final semester, students may register for MHA 788, Professional Paper, and complete a business plan.

Professional Paper Option

MHA 788, Professional Paper, requires students to research an industry related problem. Examples of culminating papers are: employee handbook, training manual, policies and procedures manual, budget proposal, employer survey to collect information to help with business decisions, or a current problem facing the industry with recommendations on how to move forward.

Program Timeline

The Master in Hospitality Administration degree program usually takes students two years to complete by completing one course each eight-week session. It is important for students to work closely with the Faculty Program Director and the Hospitality Office of Graduate Programs to ensure a timely graduation.

Professional Code of Ethics/Discipline Guidelines

UNLV Graduate College policy regarding academic integrity can be found in the [graduate catalog](#). These policies should be read and understood prior to attending your first class.

Annual Review Procedures

Each winter break and early spring term, graduate students are **required** to complete the Graduate Student Individual Development Plan (IDP) form. [Formerly known as the Student Annual Review]. The review covers the prior calendar year and assesses student progress, while establishing reasonable goals for the year ahead.

Faculty Advisors/Graduate Coordinators have the option to provide feedback to each student's submitted IDP and provide acknowledgement that they have reviewed the IDP. Reported student data is shared with students' graduate coordinators and advisors to foster opportunities for discussion about students' strengths and weaknesses, accomplishments and next requirements, and mentoring plans so that students know what they need to do in order to progress successfully through their programs in a timely manner.

Students who are graduating are also required to complete the form to record their achievements. The data is used to track UNLV metrics related to the annual productivity of all students.

Probation

If a student fails to successfully progress in their degree program, their department/school will recommend that the student be placed on probation by the Graduate College. Students on probation may be dismissed/separated from their program for failing to successfully meet the conditions of their probation by the deadline provided. Please see the **Probation and Separation** section of the [Graduate Catalog](#) for more information.

Additional Program Information

Independent Study

Students may register for MHA 681, Independent Study and Research, as one of their elective courses. This class is completed through one-on-one work with a faculty member and usually focuses on a research topic of interest to both the professor and the student.

Students must complete the Independent Study Course Registration form ([Hospitality Graduate Forms](#)) and obtain the proper signatures before being given permission to register for this course. The completed form must be submitted to the Hospitality Office of Graduate Programs.

- Regional CHRIE organizations host smaller conferences throughout the year. Harrah Hospitality College faculty members and students participate in the West Federation Conference usually held in February.
- The main focus for students in the college is the annual Graduate Student Research Conference in Hospitality and Tourism, held the second week in January. This is an excellent opportunity for students to present their research with either stand-up presentations or in poster sessions. Travel to this conference is provided for master's level students on a case-by-case basis.

Organizations/Associations

The hospitality industry has many different subindustries. There is a professional organization (or two) for each of those individual sectors. Students are encouraged to become familiar with and join the association(s) that are closely related to their areas of interest. Many of these organizations have special membership fees for students and this is a good opportunity to become involved. For a list of industry organizations, visit the [Harrah College of Hospitality website](#).

On campus, there are several student organizations – many related to the national/international industry associations. The [list of student organizations](#) is also on the college's website.

One student organization particular to hospitality graduate students is the [Hospitality Graduate Student Association](#) (HGSA). All graduate students in the college are members.
