Director's Note: DHS Advising offers prospective transfers the opportunity to speak with an advisor twice every week (before an application is submitted). This opportunity is offered every Tuesday from

1-4PM and Wednesday from 8-11AM and 1-4PM. Students should call (702) 895-5448 or visit WHA-1 in person to take advantage of this opportunity.

Program Specific Information

GPA 2.50 or above- Pre-Nursing. Program requires formal application and 3.0 overall GPA for admission into Nursing B.S. Refer to the School of Nursing website for additional requirements (<http://nursing.unlv.edu/>). The top 104 candidates are accepted each semester (Fall, Spring, and Summer) based on a point system (subject to change*). Transfer students must apply to UNLV a semester before they apply to the BSN program and must be an active degree-seeking student to apply to the full major. Students will complete an additional 60 credits of the BSN program in accelerated 16 months after admission. After completing the BSN program, students will take the National Council Licensure Exam-RN (NCLEX-RN). The general A.S. is recommended for the B.S.N.

Transfer Policies:

REVISED 50/50 RULE

- The policy stating that UNLV will only accept up to 60 credits to be transferred and applied to any specific program/major is no longer in place. Unless a college/major has a specific requirement on credit limitations, transfer credits from 2-year institutions should no longer be limited to 60 credits i.e., Lee Business School, College of Education. At least 30 credits of upper division from UNLV are now required to obtain a Bachelor's.

REPEAT POLICY

- Students may retake a CSN course as often as needed to gain a better grade and, thereby, a higher-grade point average. Only the highest grade received will count as part of the total CSN grade point average. All repeated courses taken at CSN will remain as part of a student's permanent academic record.
*PLEASE NOTE: While CSN accepts the BEST grade, UNLV accepts the LAST (most recent) grade.
- To improve GPA and change the original grade the course must be repeated at the institution that it was completed. For example, if a student takes MATH 124 at CSN and receives an F the course must be repeated at CSN in order to replace the grade and improve the GPA.

REVERSE TRANSFER

- Students who have earned 15 or more credits at CSN and have transferred to a four-year institution without an associate's degree may "reverse transfer" the earned credits from the four-year institution to complete an associate's degree. This process makes it possible for students to earn an associate's degree as they continue to work toward completing their bachelor's degree.

NOTE: Some courses that fulfill specific general education requirements at CSN may fulfill different general education requirements at UNLV. Please see a UNLV/CSN Transfer Program Advisor to confirm your choices.
