ADDENDUM 1 TO INVITATION FOR BID 5301-PJ

Greenspun (GUA) Boiler Replacement

University of Nevada, Las Vegas
Purchasing Department
4505 Maryland Parkway
Las Vegas, Nevada 89154-1033
(702) 895-3521

Date of Release: December 28, 2017
Date and Hour of Opening: Thursday, January 4, 2017 at 2:00pm PST

The following questions were raised and are answered below:

Question 1. Are there electrical prints available for this project?

The contractor will need an Electrical contractor to remove the existing lines (per the demolition drawings) and run new electrical lines from the panel for the new boilers. Also, Electrical prints are not.

Question 2. We are formally requesting for LAARS Heating Systems to be approved as an approved boiler manufacturer for the Greenspun (GUA) Boiler Replacement project.

UNLV will be staying with what is specified on the plans. By choosing an alternative UNLV would need to spend more time (which we don't have) researching all the components to be equal.

Question 3. Please specify the Glycol type (Propylene / Ethylene) and the % required in the system.

There is no Glycol in the system.

ALL OTHER TERMS, CONDITIONS AND SPECIFICATIONS OF THIS INVITATION TO BID REMAIN THE SAME.
