

Gateway Graduate Commons Policies

In order to best serve all graduate and professional students who utilize the Gateway Graduate Commons and ensure a safe, clean, orderly environment conducive to work and study, the Graduate College requires that all graduate students review and abide by the following Commons' policies.

Failure to follow these policies will result in removal from the Commons for a minimum of a day and a written reprimand. Depending on the severity of the infraction, the Professional Development Academy and Graduate College may remove students from Gateway Graduate Commons for a day, forever, or anything in-between. Reprimands and removals from the Graduate Commons at Lied Library and Gateway Graduate Commons will be shared and be enforced in both.
