Chris L. Heavey, Executive Vice President & Provost

We're proud to celebrate the academic achievements of our students and faculty. Their impactful research, scholarship and creative activity are advancing UNLV in its mission as a Top Tier institution. Their accomplishment is especially notable, given their tenacity to pursue their passions amid the complications of working during the ongoing pandemic.

We have more than 60 awards recognizing research, community service and dedication to excellence in the classroom. The awardees are contributing solutions, providing evidence-based best practices in their fields and forging a path through some of the most difficult challenges of the day. Congratulations to those winners and all the unit award winners that we also recognize in this program.

Thanks to their dedication to excellence, UNLV ranks among the top 3 percent of research institutions in the country.

These top students and faculty are shaping their future and that of our region. Their work has the power to drive economic activity and contributes to the sustainability and wellbeing of Southern Nevada.

It is our pleasure to recognize these incredibly accomplished individuals who represent the best of our UNLV spirit.
