SUCCESS SERIES

What will you learn?

Go for the Goal:
How to identify what you want to accomplish and make it happen.

Study Smart:
How to structure your study time and use a variety of study tools.

Conquering the Test:
How to approach various test questions, use relaxation techniques, and allow your best to shine through. Warning: not a replacement for studying.

Get Organized:
How to effectively use time management tools and strategies.

Help: iProcrastinate
How to stop procrastinating, get things done, and make the most of the time you have.

Reading for Success:
How to read academic texts and articles efficiently while comprehending the information.

Are You A Pro?
How to make a positive and lasting first impression through professional communication and behavior.

Please plan an hour for each presentation and bring the following:

- All Course Syllabi
- Planner that you currently use (or want to use)
- Course Notes
