STATEMENT OF PURPOSE

The purpose of this policy is to:

- Ensure UNLV is in compliance with the copyright provisions in Section 487 of the Higher Education Opportunity Act (HEOA), which requires that universities develop and implement “written plans to effectively combat the unauthorized distribution of copyrighted material by users of the institution’s network without unduly interfering with the educational and research use of the network.”
- Ensure UNLV is in compliance with the Digital Millennium Copyright Act (DMCA).

ENTITIES AFFECTED BY THIS POLICY

Entities affected by this policy include all UNLV students and employees.

WHO SHOULD READ THIS POLICY

Students, faculty, employees, unit managers and supervisors, deans, directors, and department heads should read this policy.

DIGITAL AND MEDIA COPYRIGHT COMPLIANCE

POLICY

Unless covered under the provisions of Fair Use, it is a violation of federal copyright laws to reproduce copyrighted material without permission of the copyright holder. Copyright law includes electronically stored materials such as music, movies and software. The university will investigate all digital and media copyright infringement complaints and take appropriate action.

DEFINITIONS

These definitions apply to these terms as they are used in this policy.

Copyright

As defined by U.S. Copyright Office – Circular 1 entitled “Copyright Basics” – “Copyright is a form of protection provided by the laws of the United States (title 17, U. S. Code) to the authors of ‘original works of authorship,’ including literary, dramatic, musical, artistic, and certain other intellectual works. This protection is available to both published and unpublished works.”

Fair Use

A [limitation](#) under 17 U.S.C. 107 to the [exclusive right](#) granted by [copyright](#) law to the author of a creative work, allowing limited use of copyrighted material without acquiring permission from the rights holders. Examples of fair are criticism, commentary, news reporting, scholarship or research. Determination of fair use involves consideration under a four-factor [balancing test](#). For additional information see: <http://www.copyright.gov/fls/fl102.html> and <http://www.copyright.gov/>.
